ANNOUNCEMENT

After much thought and careful consideration, it is with sadness that I announce my resignation as Councillor for the Mohawks of the Bay of Quinte. Being part of the TMC team has been a truly rewarding opportunity.

I have been suffering with a multitude of chronic symptoms as a result of Lyme Disease. The physical symptoms include fatigue, headaches, loss of appetite, inflammation and the neurological symptoms including numbness, tingling and pain in extremities, sleep issues, and difficulties with memory and concentration. Fortunately, Lyme disease is NOT a life-threatening illness but more of a *life-changing* illness. The anticipated healing period will be lengthy while I work on strengthening my overall immune system, which will also require a great amount of rest.

Nyawenko:wa for all the prayers, phone calls, texts, cards and mini-visits from family, friends and neighbours. We live in such an awesome, caring community!

I look forward to seeing you out and about as my health allows. I will continue to support our community by being involved in community events, fundraisers, community meetings, etc. Tyendinaga is home and will always be near and dear to my heart.

In peace and friendship,
Debra Vincent

STATEMENT FROM TYENDINAGA MOHAWK COUNCIL REGARDING THE VACANT COUNCIL SEAT

On October 30, 2018, the Tyendinaga Mohawk Council regrettably received Councillor Debra Vincent's resignation due to health reasons. We would like to express our gratitude for Debra's contributions to the community during her time as a member of Council, and we wish her all the best as she continues the journey back to good health.

It is Council's priority to ensure that the mandate of the current Chief and Council continues as effectively as possible, to maintain business continuity and service delivery to the community during this period of transition. The Tyendinaga Mohawk Council reviewed and examined all available options, including section 78(4) of the *Indian Act,* and the financial impact of holding a by-election for one Council seat, which the Mohawks of the Bay of Quinte would bear the full cost of.

Upon careful consideration of the current situation, the Tyendinaga Mohawk Council has decided that the best course of action is to maintain the existing complement of Council until the next general election scheduled for December 2019.

The Council portfolio for Community Wellbeing and associated boards and committees will be divided up among the existing members of Chief and Council in order to ensure that representation is maintained for the duration of the existing term.

Sincerely,
Tyendinaga Mohawk Council

June 17	

Our indigenous women are awakened and rising. The moons that have come have been huge and have created shifts within us because we are connected to the moon. Grandmother moon is a representation as well of the power that exists in us women as life givers. The light and dark of the woman in the red dress represents that we indigenous women are not just ongoing missing and being murdered; we are creating a new balance. We are lawyers, doctors, judges, amazing single mothers, amazing wives, amazing teachers and we are reclaiming our language and culture at an alarming rate. The trauma we experienced was not subtle, so awakening will not be subtle either, you will feel the movement like a volcanic rumble within you…we are rising and it will only get better for our bloodlines.

MBQ Water Monitoring Schedule Is Back

The Mohawks of the Bay of Quinte Drinking Water Safety Program is back for Fall and Winter water sampling.

Many of the homes in Tyendinaga require treatment systems using UV lights, chlorine, peroxide and other types of disinfection. With scheduled water sampling, we can monitor whether these systems are operating effectively and that if you are consuming your water that it is safe to do so.

We will be in these areas on these dates but we do encourage and welcome appointments to better accommodate everyone's schedule. To book an appointment to have your water tested please contact **Sam in the Water Department** at

20 years ago you
went away
December 16, 1998

Those we love,
Don't go away,
They walk beside us
every day
Unseen, Unheard,
but Always near

So Loved, So Missed,
In our hearts always

In Loving Memory
of a special friend 'Calvin Lefort'
August 13, 1960 – November 18, 2017

We thought of you with love today,
But that is nothing new.
We thought about you yesterday.
And days before that too.
We think of you in silence.
We often speak your name.
Now all we have is memories.
And your picture in a frame.
Your memory is our keepsake.
With which we'll never part.
God has you in his keeping.
We have you in our heart.

Always loved and never forgotten by,
Bill, Bonnie & family

"They are protecting the seeds at the Bay of Quinte"

A Birth Story...

When a baby is born, it is important and proper for the parents to welcome them to the earth so that they have a good life. The Mohawk people believe that it is necessary to have a name prepared for the baby so that the baby will know their family, their people and also the entire world as soon as they arrive here. Also, the entire world will know the baby and will support the baby throughout their lifetime with their power and support for however long the person will be on the earth. So they will say a speech to the baby as soon after that they have been born as is possible to welcome them. So, when they are born they are the most clear-minded and this is the most "Powerful & Vulnerable time". The first few minutes of birth sets the stage for its entire life and our people understand this.
