

WHY CHOOSE US?

7TH Gen Technologies is the only ISP serving the entire Tyendinaga Mohawk Territory with "hard-wired" Internet connections that don't slow down with bad weather like the competition.

We also provide FAST and courteous billing and technical support that's unrivaled by our competition.

Come in and sign up today to get the 7TH Gen Technologies advantage!

FAST

RELIABLE

INTERNET

1. Speeds represented are the maximum rated speed. Actual speed may vary depending on network conditions. 2. IPTV requires an active Internet connection which is sold separately. 3. Subscriptions may be needed to access some online services which are sold separately. 4. Free installation for MBQ band members less than 500 feet from the road. Offer dependant on distance and site conditions. 7TH Gen Technologies reserves the right to charge installation fees.

Who is 7TH Gen Technologies?

7TH Gen Technologies is a Mohawks of the Bay of Quinte owned and operated business created to provide high-speed fibre optic communications technologies to the community members of the Tyendinaga Mohawk Territory and surrounding areas.

What Does 7TH Gen Mean?

Seven generation sustainability is a concept, originating from the Iroquois, that urges the current generation to live sustainably and work for the benefit of the seven generations to follow.
