June 2, 2020

Dear Chief Maracle,

As the COVID-19 pandemic continues to affect communities across our province and country, I wanted to take a moment to recognize the continuing imperative of dialogue and friendship between Indigenous and non-Indigenous people in Ontario.

With National Indigenous People's Day fast approaching and along with it the many Powwows, ceremonies, and other events, it is very likely that we will be unable to meet in ceremony and solidarity as we have in the past. Despite this, I would like you to know that you and your community remain very much in my thoughts.

The challenges of our current crisis serve as a reminder that we are bonded together in this land and must work collaboratively for the success of future generations.

I look forward to a time when we will be able to freely meet again and pledge ourselves to the journey of reconciliation in which we walk together. Until then, I send you my best wishes for your good health

Be well,

A handwritten signature in dark ink, appearing to read "Elizabeth Dowdeswell".

TYENDINAGA MOHAWK COUNCIL,

24 Meadow Drive, Tyendinaga Mohawk Territory, ON K0K 1X0

Phone 613-396-3424 Fax 613-396-3627

RE-OPENING COMMUNITY PLAN

June 24, 2020 – As the warm weather is here and people wish to get outside, gather and visit, we remind everyone that we remain under a State of Emergency. All the sacrifices we have made to protect our community should not be forgotten with the warm weather. We have been very fortunate to not have any positive test results to date. We thank you for being diligent in ensuring the safety of each other, our community and our members. We would also like to extend our thanks to the essential workers who continued to care for our community throughout this uncertain time.

As the Province of Ontario begins to lift restrictions and enters into Phase 2 of their reopening plan, the Tyendinaga Mohawk Council in conjunction with the MBQ COVID Response Team has considered what this means and how it impacts our community. After careful consideration, the Tyendinaga Mohawk Council has decided that it is time to reopen some facilities within the community. Please note that these are soft dates and these openings can be retracted if there are any spikes in COVID-19 cases in our area.

The following will open **June 26, 2020**:

- Parks except playground equipment and the basketball courts
- QMS Track
- Skate Park
- Lacrosse Box
- Restaurants will remain open for takeout and delivery options; however, restaurants that have an outside patio can begin to offer patio dining services taking note the requirements in the attached guidelines. In the absence of an outside patio, restaurants maintain takeout and delivery services only.

On **July 3, 2020**, churches located in the Tyendinaga Mohawk Territory can hold services within the church if they choose to do so, as long as all sanitization measures, physical distancing and the 30% capacity limit is respected.

The following will open on **July 10, 2020**:

- Campsites
- Cottages
- Short Term Rentals

Checklists and contact tracing sheets will be sent to respective CP holders in the next week. If you have not received yours please contact the Administration Office. CP holders are responsible for ensuring the guidelines are followed by the people using your land.

The community will also begin to see the staff of the Mohawks of the Bay of Quinte and many of their respective buildings return to the offices starting **July 6, 2020**. Staff will begin rotating into the office and also continuing to work at home on the days not in the office. At this point our buildings will still be closed to the public as we get used to the new measures being put in place to keep everyone safe.

Once measures are in place and staff has adjusted to the new working conditions, the public will be able to access the Administration offices and respective building by appointment only. We will advise you shortly of the processes that will be in place for the public to meet with staff in person.

The Tyendinaga Mohawk Council reserves the right to alter dates and/or retract openings based on recommendations from public health, failure to adhere to the recommended guidelines or any changes in COVID-19 cases in our surrounding areas.

We would like to remind everyone to remain vigilant and continue practicing all the necessary precautions. We would also like to remind everyone that the testing criteria have once again been expanded and anyone who wishes to be tested for COVID-19, please contact Community Wellbeing Centre at 613-967-3603.

Please remember to:

- Practice physical distancing.
- Use a mask when you cannot physical distance.
- Wash your hands frequently.
- Use hand sanitizer if soap and water not available.
- Remain only with those in your social circle.
- Limit gatherings to a maximum of 10 people.
- Only essential travel to get groceries, medication, etc.

GUIDELINES AND INFORMATION:

Boat Launches	Will remain restricted to member use only.
Parks	Playground equipment and basketball courts will remain closed. Signage will be installed. Showers will remain closed at Tsi Tkerhi'to:ton Park.
QMS Track	Signage will be installed. Parking for track use: 7:00 a.m. to 6:00 p.m. – Please park in the QMS Upper Parking lot. After 6:00 p.m. – Please park at the Eksa 'Okon:'a Childcare Centre. DO NOT PARK IN QMS DRIVEWAY TO KEEP FIRE ACCESS ROUTE CLEAR. Sadies Lane access will remain closed. Playground equipment will remain closed.
Skate Park	Signage will be installed. Maximum of 10 people.
Lacrosse Box	Signage will be installed. There will be no access after dark. Maximum of 10 people.
Restaurants	Restaurants with an outside patio can offer "patio services" as well as takeout and delivery options. There continues to be no dining in option. Patio services must respect physical distancing.
Cottages/Campsites/Seasonal residences/Short Term Rentals	Checklists will be provided to CP Holders and cottagers/campers/renters etc. A contact tracing system implemented.
Churches	Checklists will be provided with suggested precautions to be in place.
Administration Office – CWC – other MBQ Admin buildings	Staff rotating into the office and working at home on the days out of the office.

The Tyendinaga Mohawk Council reserves the right to alter dates and/or retract openings based on recommendations from public health, failure to adhere to the recommended guidelines or any changes in COVID-19 cases in our surrounding areas.

COVID-19 SURVEILLANCE TESTING

*Any community member who feels they
need a test, even if you are not showing
symptoms - should call the
Community Wellbeing Centre @
613-967-3603*

*Do you work:
at a grocery store?
in food services?
at a gas station?
in construction?*

*Are you a:
Healthcare worker?
First responder?
Essential worker?*

STAY SAFE, GET TESTED

**For all questions, please contact CWC:
613-967-3603**

*For more updates on
COVID-19, please visit our

Re: Information on Seasonal Blue-Green Algal Blooms in the Bay of Quinte

Please be advised it is blue-green algae season, and although there has not been a confirmed bloom detected within the Bay of Quinte as of this date, it is important that the community and members be aware that conditions are favourable this time of year for a bloom to occur, and to be prepared in advance if one is to arise.

Blue-green algae are microscopic organisms that normally are not visible in the water, but when conditions are favorable, algal populations can rapidly increase to form a large mass in the water called a bloom usually occurring in late summer and fall. Blue-green algal blooms produce toxins and if present in sufficient amounts, when ingested can cause headaches, fever, diarrhea, abdominal pain, nausea or vomiting.

It is important that if you observe a potential algal bloom, to avoid using the water for recreational and consumption purposes. If you observe an algal bloom, please report it to a community representative, the undersigned or Spills Action Centre.

If occupants obtain their drinking water supply from their own surface water intake in the area of an active bloom, or have a well near the shoreline that is infiltrated by surface water during an algal bloom, an alternate source of potable drinking water must be obtained if a blue-green algal bloom is confirmed to be present.

During an algal bloom, residents should not use the water for drinking or for cooking. It is important to note that boiling the water is not recommended, as it could increase the toxin concentration. The toxins are released when the algal cell bursts, which is what occurs when the water is boiled.

Avoid skin contact with the water, do not swim or play in the water and limit showers and baths, as contact may cause rashes and mucous membrane irritation.

Residents also should not eat any internal organs of any fish or shellfish harvested from the affected water.

Blue-green algal blooms can affect our pets as well. So ensure to provide them with an alternate source of drinking water, and deter them from entering the water in the area of the bloom.

When a bloom is no longer visible, this does not necessarily mean the toxins are no longer present. When a blue-green algal bloom begins to break down, the algal cells burst, or die, leaving the toxin behind. Algal blooms can also reoccur if conditions are favorable (shallow, slow moving water accompanied with warm water temperatures).

If you have any questions or concerns, or need to report a blue-green algal bloom, please do not hesitate to contact me, Lindsay MacDonald, Environmental Public Health Officer with Indigenous Services Canada at 647-449-3189.

Canada

Blue-Green Algae

Information for drinking water system owners and operators

What are blue-green algae?

Cyanobacteria, commonly called blue-green algae, are primitive microscopic organisms that have inhabited the earth for over 2 billion years. They are bacteria, but have features in common with algae. Although often blue-green (their scientific name cyanobacteria comes from the Greek word for blue), they can range in colour from olive-green to red. Blue-green algae occur naturally in a wide variety of environments including ponds, rivers, lakes and streams.

What are blue-green algal blooms?

Normally blue-green algae are not visible in the water, but when conditions are favourable, algal populations can rapidly increase to form a large mass or scum in the water called a bloom. Blooms most commonly occur during

the warmer weather of late summer and early fall when there is lots of sunlight and calm water conditions.

What conditions favour algal growth?

Blue-green algae thrive in areas where the water

is shallow, slow moving and warm, but they may also be present in deeper, cooler water. One key factor affecting the growth and type of blue-green algae is the amount of available nutrients such as phosphorus and nitrogen. In Ontario water bodies, phosphorus tends to be the nutrient that controls how much algae can grow.

ATTENTION DOG OWNERS!

Now that summer is here, there are Community Members who are out walking the roadways.

Please keep your Dogs under your supervision or on a leash as this could be an unsafe situation for Walkers.

Please ensure your Dog has been vaccinated for Rabies. If a person gets bitten by your Dog, they may have to seek medical attention and possibly receive a rabies vaccine.

Lets keep our Community Safe!

Contact the CHR Dept. at the CWB for additional information, 613-967-3603.

Alzheimer Society
H A S T I N G S – P R I N C E E D W A R D

With **COVID-19** and social isolation affecting everyone at present, **Evolve Neurofeedback and Psychotherapy Clinic** has assessed what we believe is in the best interest of our clients and staff. We are not presently accepting any new clients for neurofeedback, or face-to face psychotherapy. However, mental health is important and we want to continue to provide the support to our clients that they require. **We are offering telephone or tele-video therapy sessions to existing and new clients.** Our tele-video sessions are secure and compliant with the Personal Health Information Protection Act (PHIPA/PIPEDA). Please contact us at **613.779.7757**, or wellness@evolve-neurofeedback.com if you wish to set -up an appointment.

Andrew Alkenbrack & Team MA, Registered Psychotherapist, Neurofeedback Technician 525A Dundas St East, Belleville

First Nations' individuals (with Status) are eligible for up to 22 hours of Psychotherapy every 12 months with a registered Service Provider (Evolve Psychotherapist) through Non-Insured Health Benefits (NIHB). NIHB Program operates as part of the mental wellness programs of Health Canada.

Tips for tick safety

Tick season typically starts mid spring and can run until October in parts of Canada.

4 tick tactics to keep in mind when heading out into nature

1

KNOW YOUR ENVIRONMENT

Be aware of areas where ticks live and thrive.
Stay on trails.

2

CHECK YOURSELF

After spending time in nature, do a thorough body check.

3

RAISE YOUR PROTECTIVE BARRIER

Wear long-sleeved shirts and long pants to keep your skin protected from ticks.

4

REPEL

Use insect repellent on clothing that may come in contact with grass and brush.

9 Ways

to Protect Against

Mosquitoes!

**Check for
stagnant water**
this is how they breed!
Check your yard regularly.

**Flush
birdbaths, fountains
& pet water bowls**

**Dispose of old items
in the backyard**

these create breeding
grounds for mosquitos!

**Use yellow
bug lights
outdoors**

**Wear tightly
woven fabrics**

Mosquitoes can't penetrate
clothing that has a tight weave.

**Stay in the
Breeze!**

A breeze above 1 MPH makes
it difficult for mosquitoes to fly.
Pick a breezy spot or use a fan.

Wear Light colors

Dark colors stand out, but
light colors are less attractive

**Avoid peak
mosquito hours**

Wind typically dissipates
as the sun rises and sets
so head indoors.

Use Deet

DEET causes an allergic reaction
in a small percent. Used as
directed, it's basically harmless
and effective,

Calling All Community Artists!

"Getting to Know Our Neighbours"

An exhibit is being co-curated by L&A Museum and TMT. We are looking for local MBQ artists to create themed pieces to be hung in the museum over a six week period.

We want you to show the amazing resilience that is our community and the Mohawks of the Bay of Quinte! Our Theme is "Then and Now". Think Tyendinaga then and now. Where did we come from? What is important to us? Who are we as a community?

This is a great opportunity to have your artwork on display. Any medium is welcome but pieces must be framed, hangable and no bigger than 20x24. No sculptures.

Completed pieces must be submitted to Tsi Tyónnheht Onkwawén:na no later than November 6, 2020.

Any possible sales will take place after the exhibit is over.
All sales will be done directly with the artist.

For more information please contact:
TTO
613.970.3045

Museum Project

“Getting to Know Our Neighbours” **Coming February 2021**

The Lennox & Addington Museum is working with Kanhiote Library, MBQ and Tsi Tyónnheht Onkwawén:na to create an exhibit all about Kenhtèke!

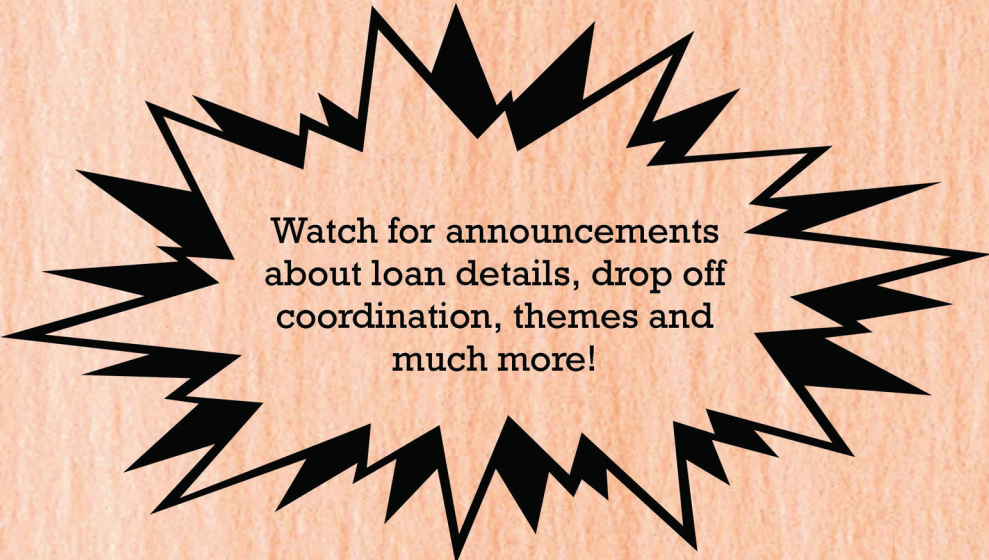

Planning is in progress to co-curate an educational opportunity to share with our neighbours the ardent and resilient story of Kenhtèke.

For questions or more information, please contact:

Looking for a Business Mentor?

Kwe-Biz offers access to confidential, no-cost professional business mentorship for Indigenous women entrepreneurs and business owners who want to grow their business. Our professional business consultants have the knowledge and tools to help emerging and growing businesses design growth strategies and make better business decisions to realize goals and growth. Kwe-Biz offers mentorship services to Indigenous women residing in Tyendinaga Mohawk Territory and Kingston.

We are currently accepting applications for the mentorship program!

Applications Open

To learn more or to apply to the Kwe-Biz Mentorship Program, visit <https://kwebiz.ca/mentorship-application/>.

**During the COVID-19 pandemic, all one-on-one mentorship sessions will be held online.*

Kwe-Biz is an Okwaho Equal Source and Queen's University Initiative with Funding from the Women Entrepreneurship Strategy Ecosystem Fund, provided by the Federal Economic Development Agency for Southern Ontario.

Okwaho Equal Source is 100% Indigenous owned and operated and proudly headquartered in Tyendinaga Mohawk Territory.
