## NOTICE TO COMMUNITY MEMBERS

### FINAL RESULTS OF THE WALLEYE (PICKEREL) PHONE - IN POLL

---

The Tyendinaga Administration Office and the Tyendinaga Aquaculture Program would like to thank all the people who called the office expressing their opinion on the Walleye Study in the Salmon River. By documenting comments from individuals through the phone - in poll we will be able to address the concerns of people interested in maintaining this resource.

Final results of the phone - in poll are as follows:

<b>TOTAL CALLS REGISTERED</b>	<b>35</b>
<b>TOTAL CALLS IN FAVOR</b>	<b>23</b>
<b>TOTAL CALLS OPPOSED</b>	<b>12</b>

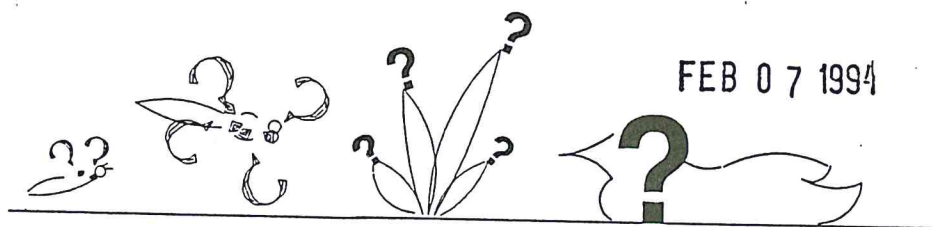

Thank you for your expressed interest and cooperation. If anyone would like to discuss the Walleye (Pickerel) Study further please call the Aquaculture Resource Centre at 967-0748 or the Tyendinaga Administration Office at 396-3424.

Niawen.

## PICKEREL FISHING PERMITS

are available at the Administration office

## NATURALISTS' WORKSHOP, May 21-28, 1994

The Biology Department of Queen's University is offering its sixteenth annual residential workshop in May.

The primary purpose of the workshop is to increase the participants' skills in field identification and their knowledge of the ecology of plants and animals found in south-eastern Ontario. The workshop also provides a glimpse of some other branches of natural science, such as geology. An intensive series of field trips is preceded by seminars and displays on the taxonomy and ecology of the organisms, with emphasis on the use of field guides, recordings and other aids to field identification. Each field trip is led by several instructors. The workshop is limited to eighteen participants.

The instructors are familiar with the variety of habitats close to the Biology Station in the Rideau Lakes area: some are engaged in research at the station. The workshops are designed for amateurs and professionals and for both novices and experts. In past years, groups have included high school students and senior citizens, interpreters and naturalists with parks and conservation authorities, and teachers and professional biologists. We welcome a broad mixture of interests. An opportunity for participants to follow their particular interests in a stimulating atmosphere is provided.

\*\*\*\*\*

**LOCATION.** The workshop will be held at the Queen's University Biological Station on Lake Opinicon, one of the Rideau Lakes, north of Kingston. The university's land includes about 1200 hectares of forest, wetland and open fields.

**ACCOMMODATION** Accommodation is in small dormitories or cabins; the Station has laboratories, a library, a dining hall, and a variety of boats. Accommodation is comfortable for a field station, but is not 'plushy'. During the summer, about forty-five research workers are in residence and large numbers of students attend courses run by the Ontario Universities Program in Field Biology.

**CREDIT** The workshop is not a credit course and will not include tests or reports. A certificate will be issued by the University to participants upon request.

**ENROLLMENT** Maximum 18. In order to achieve a balance of participants of different backgrounds, 1 of these slots will be allotted to a scholarship recipient and the remaining 17 will be divided equally between professional naturalists (park interpreters, conservation area personnel, etc.) and amateur naturalists. All registration forms received before 11 March 1994 will be examined on that date, assigned to one of these 3 categories, and accepted if there is sufficient space. If there are more applicants than slots for that category, a random draw will determine if an applicant is accepted immediately, or placed on a waiting list. Each applicant will be informed by mail of the status of her/his application as soon as possible after 11 March. A final review of applications and allocation to any remaining slots will be carried out on 15 April 1993, followed immediately by notification of any applicants whose status is changed by this.

**REGISTRATION** - REGISTRATION FORMS ARE AVAILABLE AT THE ADMINISTRATION OFFICE.

**COST AND PAYMENT** \$450.00 + \$31.50 GST = \$481.50. This includes accommodation, food, local transport and tuition (includes a manual). Cost to students (university or high school) who are paying their own way is \$330.00 + \$23.10 GST = \$353.10. Participants should include full payment with registration.

**SCHOLARSHIP** The Biological Station offers the McCorquodale scholarship to provide full fees for a selected workshop participant. Preference will be given to a student or a senior citizen. For details, contact Frank Phelan or Floyd Connor at QUBS.

**TRANSPORT** Free transport from and to Kingston or Elgin is provided on request. Please fill out the relevant part of the registration form as precisely as possible. If you request transport, you will be contacted to finalize arrangements as the starting date nears. If this fails, call Frank Phelan or Floyd Connor at QUBS.

If you are accepted into the programme for 1994, you will receive a road map to the Biological Station along with our letter accepting you. There is parking for cars or trucks at the station. Some boats at the Station are available for use, but you might like to bring a canoe.

**EQUIPMENT** Please bring: sleeping bag or bedding, pillow, towels and personal toilet articles, flashlight, field glasses, hand lens, clipboard and/or field notebook, your favourite field guides, rubber boots, waterproof clothing, and insect repellent. Very old clothes and soakable sneakers will be useful for exploring wetlands. You may like to bring camera gear or snorkelling equipment and/or orienteering compass.

### **ADDRESSES**

Queen's University Biological Station,  
Post Office Box 31, Rural Route #1, Elgin, Ontario, K0G 1E0.

Telephone: (613) 359-5629 FAX: (613) 359-6558

Director: Dr. Raleigh J. Robertson (613) 545-6140

Manager/Senior Instructor: Mr. Frank Phelan (613) 359-6214

Assistant Manager: Mr. Floyd Connor (613) 359-6423

(If you desire phone contact, please try the manager or assistant manager first)

### **PERSONNEL FOR 1993**

Floyd Connor - Queen's University Biological Station -  
birds, herps, insects, stargazing

Dr. Francis Cook - former Curator of Herpetology,  
Canadian Museum of Nature, Ottawa - amphibians  
and reptiles

Mr. Don Cuddy - Ecologist, Science and Technology  
Transfer Unit, MNR - biology and politics of  
conservation

Jennifer Harker - M.M. Dillon Consultants, Toronto - fish,  
aquatic invertebrates, environmental impact studies

Mr. Jim Ives - Superintendent, Murphy's Point Provincial  
Park - natural and cultural history of Murphy's

Dr. Allen Keast\* - Queen's University, Department of  
Biology - fish, bird communities, biogeography

Cathy Keddy - Biological Consultant - forest history and  
old-growth forests in Ontario

Dr. Sandra McBride - Queen's University, Department of  
Geological Sciences - geology

Dr. Grey Merriam - Department of Biology, Carleton  
University - mammals, wildlife corridors and forest  
fragmentation

Frank Phelan - Queen's University Biological Station -  
birds, herps, mammals, fish

Dr. Jim Pringle - Royal Botanical Gardens, Hamilton -  
plants, birds

Dr. Raleigh Robertson - Queen's University, Department of  
Biology - avian ecology and behaviour

Dr. Bruce Smith - Ithaca College, New York - Department  
of Biology - insects (especially dragonflies),  
arachnids (especially aquatic mites), parasitology

Merebeth Switzer - Head of Visitor Services, Murphy's Point  
- natural and cultural history of Murphy's Point

Shawn Thompson\* - MNR Kemptville - Regional Ecologist  
in Training - herps, natural history

Gus Yaki\* - Nature Travel Service, P.O. Box 1334,  
Kingston, Ont. K7L 5C6 - birds, plants, geology -  
broad range of natural history knowledge and skills,  
very widely travelled

N.B. This is a partial listing only.

Ans'd 2110-M1

PRIME MINISTER · PREMIER MINISTRE

OTTAWA, K1A 0A2

January 27, 1994

Dear Chief Mercredi,

Thank you for your letter of January 4, regarding events in the State of Chiapas in Mexico, and the situation of indigenous peoples in that country.

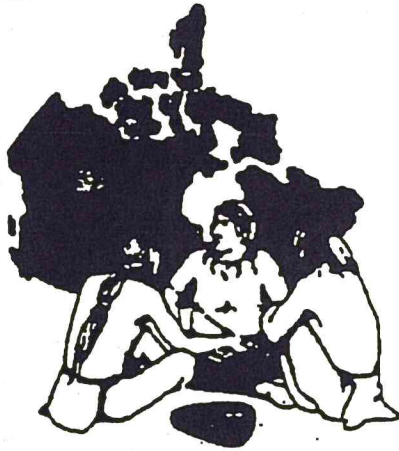

I am glad to see from media reports of your trip that it was very useful. I know that the Minister for Foreign Affairs, the Honourable André Ouellet, has met with you to discuss the results of this important mission.

In the meantime, I would like to assure you that the North American Free Trade Agreement (NAFTA) will not have any negative effect on the rights, lands and resources of Canada's Aboriginal People. In this regard, Canada's NAFTA legislation clearly recognizes and protects Aboriginal interests.

Yours sincerely,

National Chief Ovide Mercredi  
Assembly of First Nations/National Indian Brotherhood

#### PRESS RELEASE

MARCH 10, 1994 (OTTAWA) Acting National Chief of the Assembly of First Nations, E. (Dutch) Lerat, believes that Minister Irwin's initiative to dismantle the Department of Indian and Northern Affairs in Manitoba, is on the cutting edge of the self-government process. Mr. Lerat states that, "We are encouraged and we would like the Minister to continue to keep an open mind and to keep a hand in the process".

The phasing out of the Department of Indian Affairs will have an impact not only on First Nation communities nationally, but on First Nations citizens who are employed in the Department of Indian & Northern Affairs. "The Department has a responsibility to see that First Nations are given every consideration in the devolution process," notes Mr. Lerat; "and we're pleased with this important step the Minister has taken."

"It is also expected," says Mr. Lerat, "that the Assembly of Manitoba Chiefs will keep other First Nations' regional organizations informed of their progress".

The initiative will likely be on the agenda for discussion at the next Special Assembly of First Nations.

## NEWSBRIEFING

### Natives to control federal funds

OTTAWA — Indian Affairs Minister Ron Irwin said yesterday that he is intent on dismantling his department and has asked native leaders in Manitoba to begin the process.

Mr. Irwin told the House of Commons that the Indian Affairs Department has begun negotiations with Manitoba chiefs on transferring federal responsibilities, including management of federal funds, to the bands. He said he hopes that Manitoba will serve as the model for the rest of the country.

The commitment to removal of the department's control over funds for aboriginal use represents a step beyond the promises of Mr. Irwin and his Progressive Conservative predecessor, Thomas Siddon, about abolishing the department. Mr. Irwin said he could not predict how long it would take to abolish it because the pace depends on negotiations with individual bands and on provincial co-operation.

He did not predict that the reduction of his department to a small group of federal representatives engaged in negotiations on land claims would produce a major saving, because the current multi-billion-dollar budget would still have to be directed to native community needs.

Federal spending on aboriginal people last year totalled \$5-billion, about 24 per cent of Ottawa's spending on social and economic programs. The total included \$2.8-billion spent by the Indian Affairs Department.

## news release

**FOR IMMEDIATE RELEASE**  
**March 15, 1994**

### **New one-piece plastic licence coming for Ontario drivers**

**TORONTO** - A new machine-readable driver's licence being introduced this year will add an extra level of security for the province's 6.5 million drivers, Transportation Minister Gilles Pouliot announced today.

"This licence will reduce fraud and make our records more accurate," said Pouliot. "Since it will be compatible with our police work stations and our court network, it will also be a step forward in enforcing our laws."

The new licence will look like a credit card, with the driver's photograph and signature electronically printed on its surface.

It will be phased in during a five-year period. As it is issued to drivers, the Ministry of Transportation will retain digitized photographs and signatures on file as part of driver records. The ministry is responsible for preventing improper use of the photographs and signatures, which are protected under Ontario's Freedom of Information and Protection of Privacy Act.

The licence is one of the elements in the government's Integrated Safety Project announced in 1993. The inter-ministerial project introduces the use of state-of-the-art technology to improve road safety and law enforcement.

"The plastic card licence will make our roads safer by preventing the misuse of driver credentials," added Pouliot.

The selection of the Ottawa office of EDS Canada to develop and produce the cards follows a request for proposals that attracted submissions from 13 groups of companies. Criteria for the selection included technical ability, security, customer service, Canadian content and cost.

### **CIBC ABORIGINAL INTERNSHIP PROGRAM SUMMER STUDENT POSITION**

Each summer CIBC operates an Aboriginal Internship Program for students currently enrolled in a post secondary institution. A number of CIBC branches across Ontario, including Deseronto, are directly involved in the program.

Selected students will be placed in branches to understand the basics of the financial industry. The work placement lasts throughout the summer, starting in May through to August. Students who complete the summer term will also be eligible for a scholarship worth up to \$1000.00 based on their overall performance.

All interested students are encouraged to forward their resumes to the address below as soon as possible. Please be sure to indicate that you are applying for the Aboriginal Internship Program.

*Your not alone!*

## FAMILY SUPPORT GROUP

MEETINGS  
 SUNDAYS AT 8:00 P.M.

FAMILY & CHILDRENS  
 SERVICE BUILDING

TO THE COMMUNITY  
 From THE THREE FEATHERS YOUTH GROUP  
 RE: VOLLEYBALL TOURNAMENT SAT. March 26, 1994

Congratulations to Lynn Brant's Team " US" who defeated A team from Awkwesasne headed by Mike Mitchell to take first prize in the Adult Division in our recent Volleyball Tournament. Six Nations took first place in the Youth Division with a team from Shannonville taking second place. MVP's in the Adult Division were chosen by opposing teams they were for the men: Clifford Brant, from Tyendinaga and for the women: Judy Brant from Tyendinaga and a player from Awkwesasne whose first name is Pricilla but last name was not available.

We would like also to take the opportunity to thank all those people who volunteered their time and energy in support of our fundraising efforts. To Lynn Brant, Will Maracle, Marie Loft, Bill Maracle, Jean Maracle, Leslie Maracle, Linda Lefort, Jan Hill and Dorthy Lazore NIA:Wen Kowa. To Chief Donald Maracle and Council your continued support is greatly appreciated, and to Shirley Green for your donation of juices towards our efforts, we say Thank you. It was through your combined efforts that we were able to raise \$785.00 towards our trip to Albuquerque N.M.

TO THE COMMUNITY  
 From Blaine Loft  
 N.N.D.A.P.

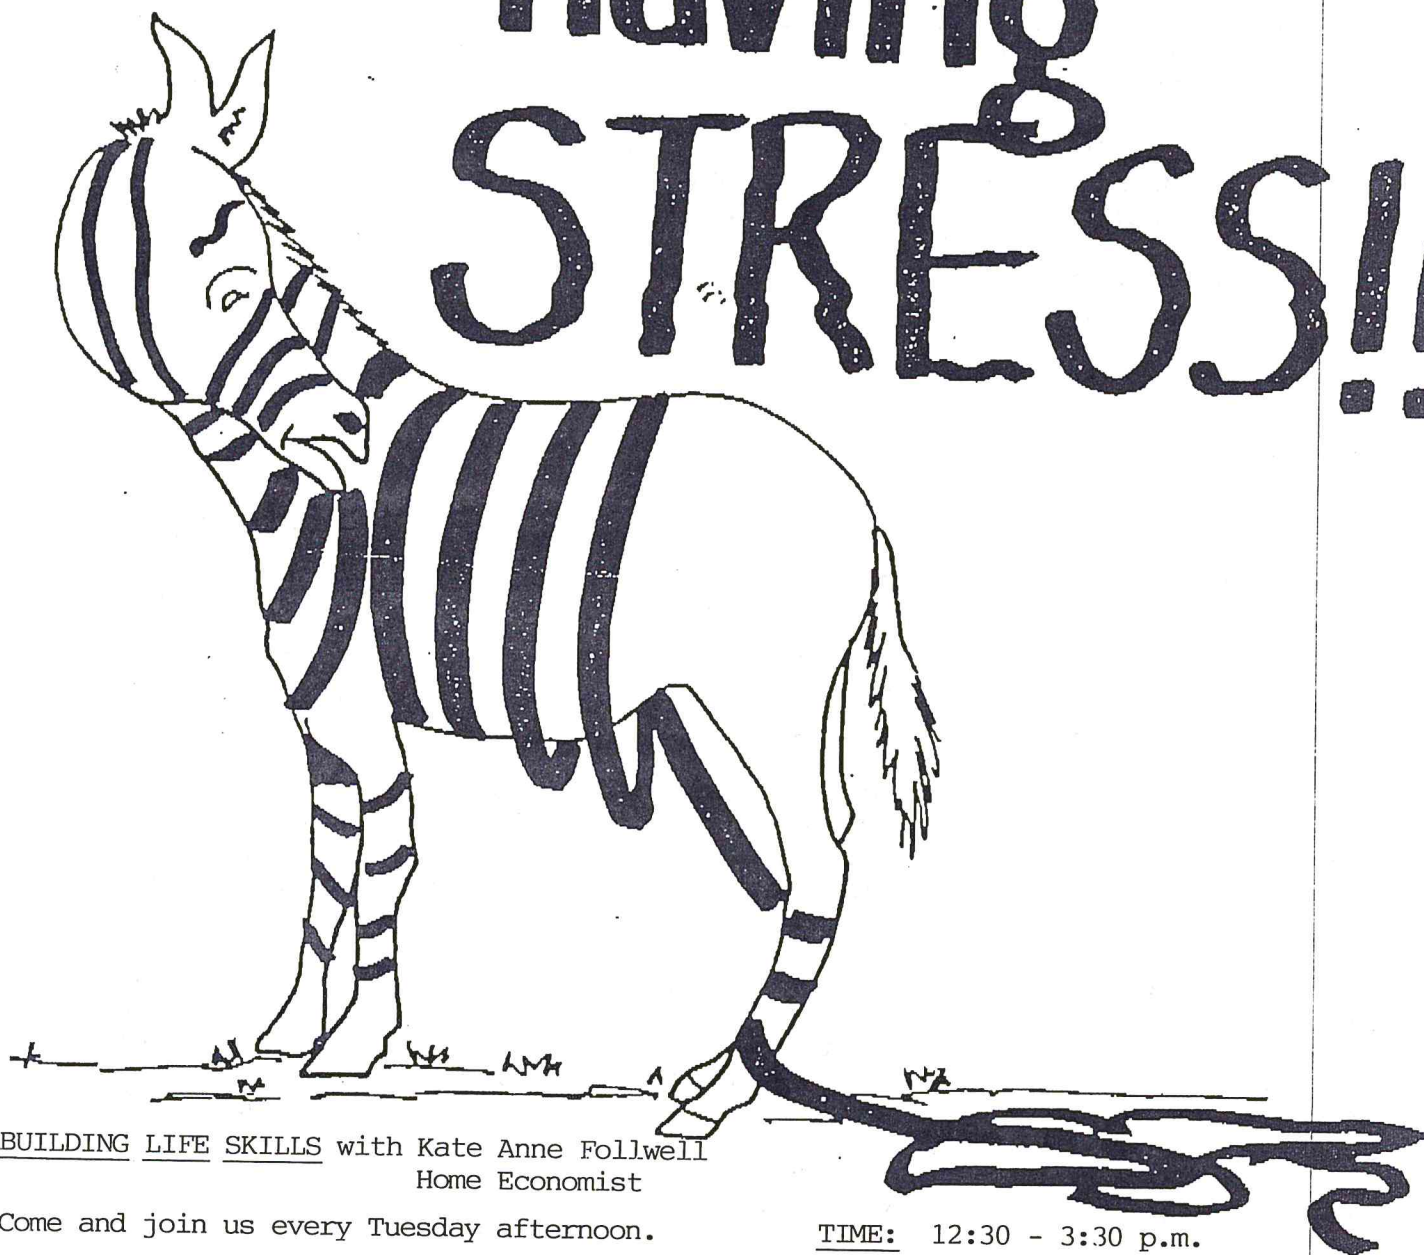

On the weekend of March 11 thru to the 13, 1994, I held a gathering of Mohawk Elders and Youth from this community. I am happy to report that the gathering was greatly received by the young people here.

The focus of the Workshops were on Mohawk Culture, Tradition and Language. These were brought out through stories lessons and games. There were 21 registered young people from ages 10 to 17 who took part along with many who just dropped in. The Social Dance held on Saturday evening was also well attended by the community and a fun time was had by all. The sleep over at the Community Centre also was a big hit with the young people. With the Talking Circle to end the Weekend, all who attended, came away with a positive experience.

This weekend was in part made possible, through the efforts of volunteers, people who gave of their time and energy to support the young people of this Community. It is to these people I would like to personally and publicly say NIA:WEN KOWA. They are: Marie Loft, Lynn Brant, Lori Maracle, Carol Green and Will Maracle. I would also like to acknowledge Chief Donald Maracle and the Tyendinaga Mohawk Council for their support. A special thank you to Pat and Roger Brant for your donation of food, and to the Ladies at Village Cafe in Shannonville for your help in pre-cooking some of our foods. Jan Hill and Carol Anne Maracle were part of our clean-up crew on Sunday, without your help we would have been there a lot longer than what we were. To all of you NIA:WEN KOWA, you made my job a whole lot easier.

## ***Active Parenting Today***

We are proud to offer our community **Active Parenting Today**, a video based parenting program that has been used by over one million parents around the world. Being a parent is the most important job of our lives .... and the one in which we get the least amount of training! By offering **Active Parenting Today** we hope to help people learn better parenting skills.

This 7-week program uses video segments and group discussions to help parents learn how to raise responsible, cooperative and courageous children. You will learn how to avoid power struggles by using discipline methods and communication skills that really work.

Come and join us on Thursday evenings from 7:00-9:30pm from April 21 to June 2, 1994 at Mohawk Family Services. To register or for information call 967-0122.

### About the Leaders

Wendy and Bryan Pollard have been leading Active Parenting Programs for over 7 years and have been using Active Parenting principles in raising their four children over the past fourteen years. They are pleased to be returning to Tyendinaga Territory having led an Active Parenting of Teens program last fall.

March 11, 1994

Dear Allergy/Asthma Information Association Member:

This letter is to alert you to a potential allergen in one of our products.

If you have an egg allergy, you will need to know that egg white has inadvertently been used in an ingredient in Stouffer's Lean Cuisine Chicken Chow Mein. This information is NOT included in the product's ingredient listing.

Because this is such an extraordinary situation, we have taken the liberty of asking the Allergy/Asthma Information Association for mailing labels for all their members, so that we could notify you directly.

A routine audit by our quality assurance department discovered that egg white was present in this product, although egg-based ingredients are not specified in our recipe. Investigation proved that one of our suppliers had substituted an ingredient containing egg white without notifying us.

All stock of this product currently in our warehouses is being held until we are either able to repackage it with an accurate ingredient statement, or replace it with product that does not contain eggs.

In the meantime, any Stouffer's Lean Cuisine Chicken Chow Mein with batch code 4083 or higher (ie. 4084, 4085, etc.) is safe for you to eat. The batch code is crimped into the end of the box showing the Canadian Diabetes Association Food Choice Values.

If you have any questions about a package of Stouffer's Lean Cuisine Chicken Chow Mein in your freezer, please call us toll-free at 1-800-387-INFO (4636).

Sincerely,  
Nestlé Canada Inc.

## MOHAWK FIRE DEPT. TYENDINAGA

R.R.#1, Deseronto, Ontario K0K 1X0

### **TO ALL TERRITORY RESIDENTS:**

ONCE AGAIN SPRING IS UPON US. WITH THE SPRING COMES DEAD AND DRY GRASS . AND ALTHOUGH IT MAY SEEM WET THE GRASS ON TOP WILL STILL BURN. THE MOHAWK FIRE DEPT. IS ASKING FOR YOUR HELP IN PREVENTING GRASS FIRES.

PLEASE REMEMBER **DO NOT** THROW CIGARETTE BUTTS OUT YOUR VEHICLE WINDOW.

IF YOU MUST BURN **DO NOT** LEAVE FIRE UNATTENDED.

BURN ONLY ON A CALM DAY.

FIRE WILL CREATE ITS OWN WIND SO **DO NOT** ALLOW FIRE TO BECOME TOO LARGE.

IF YOU HAVE ANY QUESTIONS PLEASE CONTACT SCOTT MARACLE AT 968-7985 OR ANY FIREFIGHTER.

THANK YOU FOR YOUR CO-OPERATION  
THE MOHAWK FIRE DEPT.

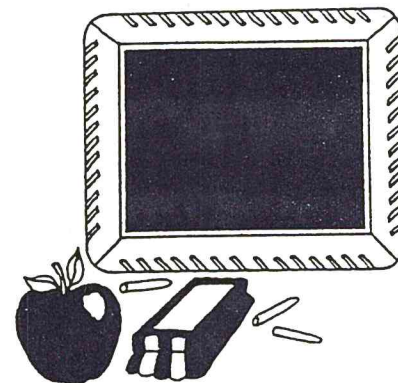

## ***Kindergarten Registration***

FOR CHILDREN BORN IN 1989  
QUINTE MOHAWK SCHOOL

**APRIL 18, 1984**

**PLEASE BRING:**

1. Band card, or proof of Native Status
2. Immunization Record Card
3. Birth Certificate or Baptismal Certificate

For an appointment to register your child, please call Angie Hill at 966-6984.

**\*\* Due to a large expected enrollment, children born after 1989 will not be considered for admission at this time. \*\***

**THANK YOU**

*I would like to express my deep appreciation for the thoughtfulness, prayers and sympathy extended to myself and my family during the loss of a beloved husband, step/father, grandfather and son-in-law, Charlie (Skip) Dracup.*

*The family were extremely grateful for the many floral tributes, memorial donations, sandwiches, corn soup and casseroles delivered to my home. There were many acts of kindness and caring words from family and friends.*

*Thank you to Larry and Gail McGlade of White and Morris, along with Father Sid Horne and the choir of All Saints Church. Also, the family wish to thank the Mohawks of the Bay of Quinte, Native Women's Association for organizing and preparing the luncheon.*

*Compassion and kindness shown has touched the family deeply and it will not be forgotten.*

*Velma Hill-Dracup and family*

Claire Sero of Tyendinaga  
Shirley Sitar of Tyendinaga  
Carl Brant of Tyendinaga

Great Grandmother - Vera Maracle

*Spring  
Clean  
Up!!*

It's almost that time of the year again, Spring Clean-Up. Please note that this week has been designated for clean-up of yards, etc. to help beautify our community. As in past years a truck will be available during this week for pick up of larger garbage, i.e. furniture. This is **not** a pick up of appliances or any other heavy metal materials.

**PLEASE NOTE:** For safety reasons, household or other chemicals should **not** be in the garbage set out. One of the crew members suffered chemical burns several years ago.

**PLEASE CALL:** The Administration Office for pick-up and once a date have been agreed upon, you should set your garbage out **BY THE ROAD** for pick-up.

396-3424

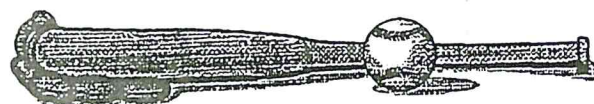

*Thank You Again for assisting  
us in cleaning up our Community!*

## -Business Profile-

# This business will make you "shutter"

There's a brand new business in town — TK's California-Style Custom Shutters.

The business opened on February 1, on the Tyendinaga Territory. Todd Keith is the proud owner.

Mr. Keith launched the business through the Mohawk Bay of Quinte jobsOntario program, and with the help of the Self-Employment Assistance program.

He currently has one other employee working with him.

Both he and Mr. Keith received extensive training, through the program.

TK's California-Style Custom Shutters manufactures and installs both Plantation Shutters and California Shutters.

"These shutters have become very popular window treatments," said Mr. Keith.

He provides an in-home shopping service for his customers. "I go to the person's home and provide them with a free estimate," he said. "I take along with me some samples, displays, books and flyers to show the wide choice available."

"We can manufacture shutters to fit anything from a five-inch window, to a full size patio door. We also handle rounded windows as well, or any other customized orders."

The shutters are manufactured by Mr. Keith and his co-worker, and at the present time, orders can be delivered within two to four weeks. And there is no PST or GST.

Shutters are wooden and are

offered with a urethane finish, or they can be painted.

"Our prices are comparative to the cost of drapes and curtains," said Mr. Keith, "and wood is a better insulator."

TK's California-Style Custom Shutters serves a wide area — from Belleville through to Kingston, and also Picton.

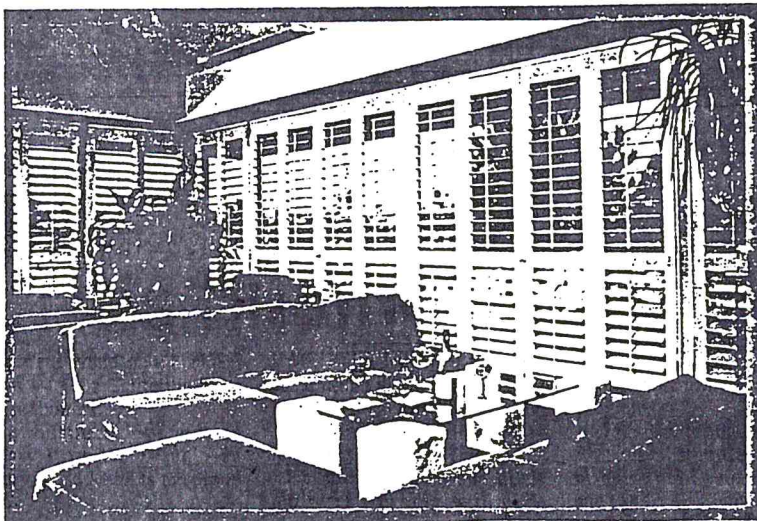

"We have already had inquiries from interior decorators and designers who are interested in using a local source," said Mr. Keith.

If you would like further information on the shutters, phone Mr. Keith at 396-6948 or 396-2320 during the evenings.

# Protect-Water Services Inc.

**JIM PORTER PLUMBING • 354-6080**

In our province, water is often hard to come by - and just plain hard. That's why it's important to treat it right. Properly treated water will repay you - not just in its purity and softness, but in hard cash savings too. Hard water can be expensive. It makes your clothes dull and grey, and they wear faster. It means you use more soap and waste more water. Corrosion destroys pipes and shortens the life of fixtures and appliances.

Your family deserves the security of a clean healthful supply of safe drinking water.

**PROTECT-WATER SERVICES INC.** is a local concern owned and operated by **JIM PORTER**. They specialize in Chemical Free Iron and Sulphur filters, Ultra violet purification systems, Reverse Osmosis and distiller for high quality drinking water, water softeners, Duro and Red Jacket well pumps and pressure systems and plumbing problem repair service.

**PROTECT-WATER SERVICES INC.** services have proven to be a saving not a cost factor and is one of the best investments that any homeowners, business, farm or industry can have installed in their establishment. They offer a wide range of products to improve your water's quality.

Call the above phone number or stop into the Napanee Mall and see some of their products on display.

When it comes to the best in service, plumbing, and sales of water treatment systems in the area, look no further than **PROTECT-WATER SERVICES INC.**
