ABCs spell out a full life

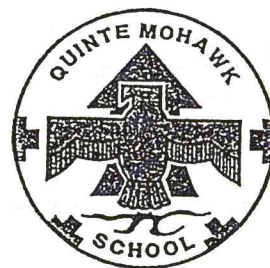

To Achieve Your Dreams, Remember Your ABCs

Avoid negative sources, people, places, things and habits.
Believe in yourself.
Consider things from every angle.
Don't give up, don't give in.
Enjoy life today; yesterday is gone, and tomorrow may never come.
Family and friends are hidden treasures. Seek them and enjoy their riches.
Give more than you planned to give.
Hang on to your dreams.
Ignore those who try to discourage you.
Just do it!
Keep on trying. No matter how hard it seems, it will get easier.
Love yourself first and most.
Make it happen.
Never lie, cheat or steal. Always strike a fair deal.

Open your eyes, and see things as they really are.
Practice makes perfect.
Quitters never win, and winners never quit.
Read, study and learn about everything important in your life.
Stop procrastinating.
Take control of your own destiny.
Understand yourself in order to better understand others.
Visualize it.
Want it more than anything.
Xccellerate your efforts.
You are unique of all of God's creations. Nothing can replace you.
Zero in on your target, and go for it!

QUINTE MOHAWK SCHOOL

MOHAWKS OF THE BAY OF QUINTE BUS LINES

Dear Parents/Guardians:

As you may be aware, there are a great number of students riding buses daily, and their safety is our primary concern. Unacceptable behaviour is detrimental to the driver's ability to concentrate on driving and could lead to a safety problem on the bus. We cannot allow disruptive behaviour to continue if we are to be sensitive to the safety of pupils on the bus.

The problems that are identified can create unsafe situations for the driver and students on any particular bus. We are sure that you will share our concern and discuss unacceptable behaviour with your child and assist us in making the bus ride a safe one.

The following steps are being instituted immediately in order to assist with the discipline on the school buses. Also, a copy of a student behaviour report will be sent home with each child for your information.

STEP 1 - Verbal Warning

STEP 2 - Student Behaviour Report

STEP 3 - Suspension of Riding Privileges

FALLING STARS

*From the faith of humble people
 Dawned the resurrection day,
 When the Sun of Christ in His true glory
 Was to them arrayed.*

*Light from heaven shone upon them
 Igniting sparks of knowledge from above,
 Thence began their teaching
 Of the message of Gods love.*

*They suffered greatest hardship
 From religious leaders of their day
 Which has always been the case,
 When a New Message comes our way.*

*They built up a mighty fortress
 And spread abroad Christs Name.
 They reached the heighth of glory
 The pinnacle of fame.*

*At the very onset from within
 They split apart,
 Pitting Christian against others...and
 Against each other...wars were fought.*

*From their citadel of glory
 This moon no longer gives her light
 Material pomp and ceremony,
 Now our jaded eyes delight.*

*To see this erosion and decay
 We don't have to look too far,
 When about us this generation
 Sees the falling stars.*

The Dry Grass season is upon us. Although it is wet below the grass, fire can still burn along the top. Grass fires are not to be taken lightly. Grass & Brush fire can cause serious damage.

FACTS TO PONDER:

- * 90% of All Grass Fires are caused by human carelessness or Arson.
- * Once out of Control they become wild fires.
- * Wind can cause fire to spread fast unevenly and to burn more intensely.
- * Larger fires can create their own wind.
- * Wind will quickly dry out damp fuel.
- * All ground cover vegetation is potential fuel.
- * Fire burns faster uphill than down.
- * Wind can carry sparks to start spot fires several hundred feet away.
- * Please refrain from throwing cigarette butts out vehicle window. They tend to stay lit and are easily blown into grass along the road.

For your protection and the neighbourhood's

INTER-RESERVE BOWLING

This year the Inter-Reserve Bowling will be held in **BRANTFORD SATURDAY MAY 9**. This years Bowling Tournament is being Hosted by **St. Catherines Friendship Centre**. Any one interested in bowling this year are more than welcome to participate. Bowling Practices are held on **Sunday, APRIL 26 & MAY 3** at **Belleville Plaza** at 1:00 o'clock.

CONGRATULATIONS!!!!

To our 50/50 Draw winner. This month was **JOE MARACLE (ROOFER)**. To assist with fund raising for the event, all bowlers on the Inter-Reserve League will be selling **50-50** tickets. **Please Buy Some!** Next draw will take place on the Last Thursday of the Month.

I am concerned about O.F.A.H.'s flagrant use and abuse of the media to misinform the public. To cause public alarm, the O.F.A.H. is criticizing Native people for taking "pregnant" female pickerel, full of roe. The organization also claims that the month long spearing season will drastically reduce the pickerel population. There needs to be some clarification on these two points.

First, female pickerel are "pregnant" - full of roe - throughout the ice-fishing season. These fish are caught and have no opportunity, whatsoever, to go up the river to spawn. Nor are there any attempts to save those thousands of eggs. By taking fish in the spring, they have had a chance to spawn. The roe can be artificially fertilized and returned to the river, which has a very high success rate.

Secondly, let's look at the number of fish involved. Anglers caught over 200,000 fish in 1991. The people of Tyendinaga Territory caught 5,000 fish in the 1991 spearing season, less than 3% of the total harvest. On May 5, 1991, opening day of pickerel season, over 7,000 anglers were on the Bay of Quinte, potentially 28,000 fish were caught in one day--5 times that of the entire spearing season. The Bay of Quinte pickerel season opens 1 week before any other in Ontario, causing a harvest which has a "detremental--even disastrous-- effect on fish stocks."

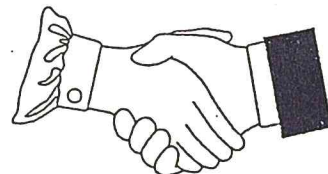

Perhaps, the energy of the O.F.A.H. would be better spent managing the angling fish harvest, rather than promoting violence and hatred toward Native people who maintain a traditional practice.
