I am pleased to provide you with this report on issues and I hope that you are enjoying the busy season preparing for the Christmas holiday and that you are in the Christmas spirit of love, peace and goodwill.

FIRST NATIONS FISCAL AND STATISTICAL MANAGEMENT ACT

The Assembly of First Nations held a special assembly on November 19 & 20, 2002 in Ottawa to discuss and debate the draft federal legislation called the First Nations Fiscal and Statistical Management Act which was announced by Minister of Indian Affairs Robert Nault on August 15, 2002.

At the annual AFN General Assembly held in Halifax in July 2001, a commitment was made that there would be a full debate on the fiscal relations bill.

The proposed federal legislation would create four institutions – First Nations Finance Authority, First Nations Management Board, First Nations Tax Commission, and a First Nations Statistical Institute.

There are 93 First Nations mostly in western Canada that already have tax bylaws are collecting taxes from the non-native use of reserve lands. The tax bylaws that some of the other First Nations have passed apply to non-Indian residents, gas and oil pipe lines, hydro transmission lines, tobacco, gasoline, and railway lines. Some First Nations also tax their own members.

If First nations want to enact a taxation bylaw, there already is provision to do so under section 83 of the present Indian Act.

Many Chiefs were opposed to creating a national model for a tax commission and statistical institute. While Minister Fault's proposed Fiscal and Statistical Management Bill is optional for the moment many Chiefs thought that eventually the federal government would require full participation in the schemes proposed in the legislation. The Assembly passed resolution No. 1/2002 rejecting the Bill in its entirety for the following reasons:

(2)

1. The proposed Bill is flawed and cannot be corrected by mere Amendments;
2. The proposed Bill is inconsistent with the mandate of the Assembly;
3. The provisions contained in the Bill violate and infringe upon Aboriginal and Treaty rights and will worsen the status quo;
4. The proposed Bill violates the historic Nation to Nation; Crown-First Nations Relationship, and it violates the core essence of this relationship.

The Chiefs opposition to the proposed legislation was significant. Of the 128 Chiefs in attendance, only 10 wanted the new legislation, 81 were opposed and the Chiefs from Quebec abstained from voting on the resolution rejecting the Bill.

TRANS NORTHERN PIPELINE AGREEMENT

The Trans Northern Pipeline Agreement Pipeline Inc. has not made any payments for the use of our lands since 1997. The agreement with the Trans Northern is for the oil pipeline that crosses the former McTaggart Latchford Property in Marysville in an easterly direction near the railway line in the northern reserve boundary vicinity.

Indian Affairs is responsible for the collection of fees under the agreement and deposit the funds into our Trust account in Ottawa. I have written to Indian Affairs to asking to ensure the amounts due are collected with interest and be deposited into the Trust Fund. I enclose a copy of my letter to Indian Affairs for your information.

QUINTE MOHAWK SCHOOL LAGOON STUDY

A previous wastewater study done by XCG Environmental Consultants in 1997 found that the flows to the lagoon were higher than the current design capacity of the plant. The number of students in the school has increased, and the community is now providing day care services in the school building, which has increased the wastewater flows to the treatment plant.

The treatment process consists of three septic tanks, a Waterloo Biofilter (synthetic media trickling filter) and a membrane filter unit. The membrane filter is not operational and is currently by-passed. The effluent from the bio-filter is pumped to a lagoon. The existing treatment process does not include chemical addition for phosphorus removal.

ADMINISTRATION

(3)

The lagoon was designed to overflow to a nearby marsh. Muskrat activity near the overflow channel has created a new discharge channel a lower elevation. The marsh area provides approximately a one-kilometer flow path before discharging into Sucker Creek and into the Bay of Quinte.

The Bay of Quinte is a Ministry of the Environment Policy 2 area with respect to phosphorus. It is also an area of concern identified by the International Joint Commission in which the water quality has become impaired. The Bay of Quinte Remedial Action Plan (RAP) and the 1984 MOE guidelines requires that all existing point source discharges to the Bay achieve an effluent total phosphorus concentration of 0.3 mg/L or less.

Surface discharge from Wastewater Treatment Plants is typically required to provide disinfection according to MOE Policy F 5-4. Typical design objectives and compliance requirements are less than 100 E.coli per 100 ml and less than 200 E.coli per 100ml, respectively.

The lagoon services 17 employees from the Health Centre, 60 from the Daycare and 348 staff and students from Quinte Mohawk School.

The study concluded that the wastewater flow from the lagoon system is not being measured routinely. The study measured flows for a 57-day period. The average flow for the period monitored is 35 % higher than design capacity of the treatment plant. The source of the flows has not been identified and it was recommended that a detailed water/waste water audit be carried out to identify the source of the unaccounted flows.

The study found that the effluent quality of the septic tank , biofilter, or the lagoon is not routinely monitored. Samples were collected on May 16, June 5, 6, 12, 15, and 18, 2002. Data indicated that the biofilter and the lagoon effluent are performing well and producing effluent quality well below the assumed effluent criteria. However, approximately 30 % of the influent total phosphorus were removed in the lagoon. The average lagoon effluent phosphorus concentration was 1.3 mg/L, which exceeds the Bay of Quinte RAP requirements of 0.3 mg/L

The lagoon does not include a disinfection process except for natural die-off that occurs as a result of sunlight and cold temperatures. A retention time of 60 days was considered necessary to achieve bacterial counts of less than 100 E.coli per 100 ml in a facultative lagoon. Since there is no information available to determine the capacity and retention time of the lagoon, and no data are available on the bacteria count of the final effluent, the disinfection performance cannot be assessed. It was recommended that lagoon effluent samples be collected and analyzed for E.coli.

Council will be meeting with XCG on December 7, 2002 to review the report and recommendations.

LONGTITUDLNAL HEALTH SURVEY

The Chiefs of Ontario have approved in partnership with Health Canada to conduct a longitudinal health survey on the status of aboriginal health for the on reserve population in Canada.

The statistics gathered from the survey is completely confidential and will be in the possession of the National Aboriginal Health Organization.

The last study completed four years ago resulted in the Home and Community Care Program being implemented.

Individuals participating in the survey will be randomly selected from the membership list for resident members. At Tyendinaga 161 members will be selected and the plan is to do another follow-up survey four years from now to document changes in health status.

The survey is to be completed before December 31, 2002. The survey team has been contracted by the Chiefs of Ontario and are Christine Claus, Wonita Maracle, Darla Maracle and Chris Maracle.

CASINO RAMA DISTRIBUTION FORMULA

The distribution formula of 50-40-10 passed by the Chiefs of Ontario General in Assembly in June 2002 was not acceptable to the Four large First Nations including Tyendinaga, Akwesasne, Six Nations, and Wikwemikong.

Until July 2002 the four large, First Nations were receiving the interest from the Future Generations Fund investment at TAL the administrative arm of the Canadian Imperial Bank of Commerce. The Chiefs voted to release the Future Generations Fund to the communities. Without that investment, there is no longer any interest to transfer to the large First Nations to address the population factor.

It is generally accepted that population is the most important factor to be addressed by the distribution formula. This factor is recognized in the Casino Rama Agreements, Section 2.8.5; OFNLP Agreement, Section 5.2.

The Chiefs of the four large First Nations have directed a letter to the Chiefs of Ontario requesting that the distribution formula not be determined solely through a political process where it becomes difficult to arrive at a rational and principled long range decision. We proposed that an Independent Technical Committee of Chartered Accountants and other independent experts design an equitable distribution formula similar to the remoteness study undertaken.

ADMINISTRATION

(5)

If the proposal is not accepted, the Chiefs of the Four Large First Nations will raise the distribution formula issue with the Province of Ontario. I am enclosing a copy of the letter to the Chiefs of Ontario for your information.

CASINO RAMA SURVEY

Surveyors have been delivering Casino Rama survey packages to our members residing in the community to assess the members priorities. Packages for the off –reserve members have been mailed to the last known address we have on record. Many of our members do not keep the administration office informed of their current address and it become difficult and sometimes impossible to reach the members.

I encourage you to complete the survey. The deadline for the completion of the survey is December 13, 2002. Council has contracted with KPMG to oversee and tabulate the results of the survey,

Also I would like to advise once again that per-capita distribution of the casino revenues is not permitted, would constitute a breach of the Casino Rama Agreement, and would jeopardize future casino funds.

I am enclosing a letter from the Ontario First Nations Limited Partnership clarifying this issues for the membership.

Veterans Compensation Package

On June 21, 2002, the Government of Canada announced a commitment of \$ 39 million dollars, including administrative costs, for eligible First Nations veterans who settled on reserves after the wars and had their benefits administered on reserves.

This package entitles eligible applicants to receive up to \$20,000 each.

ELIGIBILITY

1. Any First Nations Veteran with at least 30 days of active service in the Canadian Armed Forces during:

First World War (August 4, 1914 to November 11, 1918)
Second World War (September 3, 1939 to March 31, 1946)
And or Korean War (July 2, 1950 to July 27, 1953)

Who settled on a reserves after the wars, and who was eligible for demobilization benefits such as re-establishment credits, of financial assistance for training or education, or assistance under the Veterans Land Act, or

2. Their surviving spouse(s): or

(6)

3. Their estate, where the Veterans surviving spouse has passed away after February 1, 2000, which was the date that the National Round Table began.

1. Applications must be filed with Veterans Affairs by February 15, 2003.

The address is : Veterans Affairs Canada
First Nations Veterans Project
PO Box 7700
Charlottetown, PEI. CIA 8M9

Telephone 1-800-818-3286

Hearing Impaired 1800-465-7735

Application forms are available at the Band Office. Please call Sandy Green or Lisa Maracle at 613-396-3424.

At the AFN meeting, the Chiefs were informed that an actuary contracted by the Government of Canada, estimated the amount of the compensation due to the eligible veterans to be \$120,000 each. Canada is only offering \$ 20,000 each. The Assembly has left the decision to each veteran to decide whether to accept the offer.

CONGRATULATIONS AND BEST WISHES

On behalf of the Council, Staff and members of the Mohawks of the Bay of Quinte, I extend best wishes to Georgina Hill who retired from her employment as a bus driver and handivan driver for the home support program . Georgina started working for the Mohawks of the Bay of Quinte on January 19, 1993 and retired on November 29, 2002 after completing more than 9 years of loyal and faithful service to the community. We join together to wish Georgina good health and much happiness in her retirement.

MERRY CHRISTMAS & HAPPY NEW YEAR

I wish everyone a Merry Christmas and Happy New Year of happiness, good health and success.

Dear Priorities and Planning Committee Members:

Re: Casino Rama - Formula for Dividine Revenues Among Ontario First Nations

As you are aware, Resolution 02/08 passed at the 28th Annual All Ontario Chiefs Conference, held at Eabametoong First Nation, June 25-27, 2002, was not a satisfactory outcome for the Four Large First Nations. The payment to the Four Large First Nations of the interest from the Future Generations Fund had been agreed to by the December 1998 Assembly in order to address the difference between the 50-40-10 Formula and the Brighter Futures Formula. The loss of this interest from the Fund will result in a significant decrease in the revenue of the Four Large First Nations. We represent a population base of 44,195 or 28% of the total First Nations membership in Ontario. Yet we only receive 15% of the dollars that are available for distribution.

For example based on an expected distribution of \$40,000,000 with the 35% held back:

	50-40-10		Brighter	
	FGF Interest	Futures	50-37-10-3	50-40-10
	\$	\$	\$	\$
Wikwemikong	1,281,112	774,656	735,149	626,224
Tyendinaga	1,385,794	840,328	792,829	673,915
Akwesasne	1,845,951	1,129,010	1,046,379	883,554
Six Nations	3,973,804	2,463,928	2,218,845	1,852,968
	8,486,661	5,207,922	4,793,202	4,036,661

As can be seen from the above formulas the 50-40-10 formula was the worst possible selection that could have been made. The financial impact for this formula is very costly to each of the Four Large First Nations and clearly does not represent fair and equitable treatment of our First Nations.

We also believe there has been a lack of understanding of the needs of the Four Large First Nations. It is now necessary to develop a stable process to establish a formula, which addresses the circumstances and needs of all First Nations.

The following are the important principles, which we believe should apply to the division of the Casino Rama revenues:

Population

It is generally accepted that the most important factor to be addressed by the distribution formula is the population of each First Nation. Population provides a direct indicator of the level of services which must be provided to the members of each First Nation. This factor is recognized as essential in the Casino Rama Agreements (Revenue Agreement, Section 2.8.5; OFNLP Agreement, Section 5.2) however; the present formula only distributes half of the available casino revenues on the basis of population.

Remoteness

The remoteness of certain First Nation communities has also been recognized as a special consideration. This factor is also referred to specifically in the Casino Rama Agreements. (Revenue Agreement, Section 2.8.5) It is generally accepted that the remote communities need more financial assistance to provide essential services than other Ontario First Nations.

Base Factor

Finally, the distribution formula has recognized the principle that each First Nation should receive at least a minimum base payment from the Rama revenues. This concept is needed by First Nation with a small population who might otherwise receive a relatively insignificant payment based on population alone. The concept of a minimum payment was recognized in the Brighter Future Formula but the minimum payment was set at a much lower figure. Assigning 40% of the total revenues to the base factor has the effect of creating a significant windfall to smaller First Nations which is not related to their actual populations and needs.

There is no reference to the base factor in the Casino Rama Agreements (Revenue Agreement, Section 2.8.5; OFNLP Agreement, Section 5.2) and its use tends to distort the fundamental principle that all First Nations should receive a fair share of the revenues based on the needs of their populations.

Attention, Chief R. Donald Maracle

Dear Chief

Re: Per Capita or Individual Distribution of Casino Rama Funds

The matter of a Per Capita or Individual Distribution of Casino Rama Funds is a very serious matter.

It is inappropriate to suggest a simple Per Capita or Individual Distribution of Casino Rama Funds

In the simplest and clearest of terms, a Per Capita or Individual Distribution of Casino Rama Funds directly or indirectly is Strictly Prohibited and Not Permissible.

A First Nation Partner involved in a Per Capita or Individual Distribution will be deemed to be in breach of or in non-compliance with its legal obligations under the Agreements. It would cause the OFNLP concern if it were to occur as well as other parties to the Agreements. The OFNLP is obligated under the Agreements to act immediately to exercise its rights and remedies of Default, including but not limited to the imposition of a Default-Induced Suspension of Distributions, with or without the prior delivery of a Default Notice. Strict enforcement is required to ensure that the overall Casino arrangement with the province is not jeopardized for all First Nation Partners,

The Agreements do not allow for a simple Per Capita or Individual Distribution of Casino Rama funds.

I trust that this addresses any concerns on the matter of a Per Capita or individual Distribution of Casino Rama Funds.

Yours truly,

Randy W. Sault

Re: Trans Northern Pipeline Agreement

Dear Ken,

It has been brought to my attention that Trans Northern Pipeline Inc has not made payment for the use of our lands since 1997. The existing agreement states Trans Northern Pipeline must pay an annual fee. I enclose a copy of the agreement for your reference.

The Department is responsible to ensure that these payments are deposited into the Mohawks of the Bay of Quinte trust accounts in Ottawa. The Mohawks of the Bay of Quinte request the Department of Indian Affairs and Northern Development collect the outstanding amounts plus interest. Please ensure that the McTaggart/Latchford property is also included in the calculation and inform me of the amount due to our trust fund.

If for any reason you are unable to collect the arrears with interest, we will have no choice but to hold your Department legally responsible for the full amount as well as any costs we may incur.

I trust the following will receive your immediate attention. I look forward to a timely response.

Yours truly,

Chief R. Donald Maracle

News Release

October 21, 2002

Government of Canada Accepting Applications for First Nations Veterans Package

Ottawa - Veterans Affairs Canada (VAC) is now accepting applications for the First Nations Veterans Package. The Honourable Dr. Rey D. Pagtakhan, Minister of Veterans Affairs and Secretary of State (Science, Research and Development), announced the package on June 21, 2002 in response to the National Round Table Report on First Nations Veterans Issues.

The Government of Canada has committed a total of \$39 million to the First Nations Veterans Package, including administrative costs, in response to the longstanding grievances of First Nations Veterans who settled on reserves after the wars.

Eligible First Nations Veterans or their surviving spouses will receive up to \$20,000 each. Their estates may also be eligible for this package providing the eligible Veteran or surviving spouse passed away after February 1, 2000, which is the date the Federal Government committed to the National Round Table.

The First Nations Veterans Package is being offered as a gesture of goodwill, not on the basis of any liability on the part of the Government of Canada. This package is consistent with the amounts offered to other Veterans' groups in recent years.

Eligibility information and applications for the First Nations Veterans Package can be obtained by calling 1-800-818-3286. The deadline for applications is February 15, 2003.

VETERANS COMPENSATION

The federal government has recently released the guidelines and application form for the First Nations Veterans Compensation package.

This package entitles eligible First Nation Veterans or their surviving spouses to receive up to \$20,000 each.

Eligibility:

1. Any First Nations Veteran with at least 30 days of active service in the Canadian Armed Forces during:
 - First World War (August 4, 1914 to November 11, 1918)
 - Second World War (September 3, 1939 to March 31, 1946)
 - Korean War (July 2, 1950 to July 27, 1953)

And settled on reserves after the wars and was eligible for demobilization benefits such as re-establishment credits or financial assistance for training or education, or assistance under the Veterans Land Act; or
2. Their surviving spouse(s); or
3. Their estates, where the Veteran or surviving spouse has passed away after February 1, 2000, which was the date that the National Round Table process began.

Application forms and guidelines are available at the Mohawk Administration Office.

Please contact Lisa Maracle at 396-3424.

Lisa is also available to assist in filling out the application.

IMPORTANT INFORMATION

The Association of Iroquois and Allied Indians A.I.A.I. are currently collecting applications from any person that has had to apply for an Ontario Student Loan (OSAP) in the past.

FAX: (613)396-3627

Dear Chief Maracle;

I was pleased to discuss with you on November 29, 2002 the matter of Mohawks of the Bay of Quinte involvement in potential reduction of the deer herd at Presqu'île Provincial Park.

John Immerseel, Ontario Parks Southeast Zone Manager, will contact you during the week of December 9th to initiate discussions in this regard. Our hope is that an agreement can be developed between the Mohawks of the Bay of Quinte and Ontario Parks, that will provide a framework for a safe, effectively-managed deer herd reduction to be undertaken this winter or the fall of 2003. Such an agreement would involve written protocols establishing safe practices, including number of participants, appropriate locations for the cull, types of firearms, and specific times and dates. As I indicated, such discussions would not constitute recognition by Ontario of any aboriginal or treaty rights asserted by the Mohawks of the Bay of Quinte to harvest wildlife in the park or surrounding area.

Presqu'île Park contains year-round residences in close proximity to the deer herd. The safety concerns are self-evident. These safety concerns can only be addressed through careful planning and discussion prior to a cull.

Certain members of your community have announced their intention to conduct a cull in the park on December 7 and 8, 2002. It is impossible to reach an agreement that would allow safe hunting by that time. Therefore, any individuals who enter the park to hunt deer prior to any agreement will be subject to enforcement action.

I am hopeful that a successful deer herd reduction partnership can be established for Presqu'île Provincial Park and that the actions identified for December 7 and 8, 2002 will not take place.

Sincerely,

Peter Wallace
 Assistant Deputy Minister
 Natural Resource Management Division

WELDING SKILLS

Program Description

Our Welding Program has been developed to accommodate entry level students to experienced welders who want to be certified and upgrade their welding skills.

This program is practical hands-on shop work, backed up by theory. The theory will help the students understand different welding processes (G.M.A.W., MCAW, GTAW, FCAW), how these processes work and where they are used.

Upon successful completion of the theory you will receive a "Welding Fundamentals Certificate" from the Gooderham Centre for Industrial Learning, which is part of the C.W.B. Group.

Each student will be prepared to complete One C.W.B. practical welding exam. Our last graduating class had 100% success passing their C.W.B. practical exam and are C.W.B. Certified.

Duration 13 weeks - 390 hours

EDUCATION

TRUSTEE'S REPORT NOVEMBER, 2002

As the Christmas season and the shortest days of mid-winter approach we will be hearing repeated phrases: "'Tis the season to be jolly"; "Buy now!"; and, my favourite: "Peace on Earth".

The mood at the Hastings and Prince Edward District School Board (HPEDSB) meeting in November was definitely jolly, welcoming the signing of contract extensions for both elementary and secondary teachers, and the end of the "work-to-rule" job action that had closed down sports and clubs and extra help for elementary students over the previous five weeks.

Contract negotiations between unions and management may seem an **unlikely** place to learn lessons about peace, but that is what happened for me. The chief negotiator repeatedly stated in meetings with the Board: "We have to remember **that** when this over we still have to work **together**." Resolving differences, achieving peace, cannot be a matter of one side winning and the other side losing if the long-term goal is to live **together** in peace.

I always have a feeling of awe when I see how the best principles of modern management confirm the wisdom of our Haudenosaunee (Iroquois) traditions. Five hundred years ago our people were solving social and political problems on the principle of consensus - finding a way through that would allow everyone to buy-in to the solution. "Peace **at** any price", **giving** in to decisions that undermined the safety and well-being of some families or some villages, was not an option. Enforcing the will of the majority on a disgruntled **minority** was not the Iroquois way **either**.

How do the members of a community learn to follow the way of peace? It starts in the womb, with teachings and support for the expectant mother to **maintain** a good outlook because the baby is already responding to his or her environment. That wisdom is confirmed with research as well. Don't **drink**. Don't **smoke**. Learn to handle stressful situations because the baby is drinking in chemicals from the mother that will affect his or her growth and well-being for years to come.

Historical records tell **us** that European colonists were amazed at the child-rearing practices of the First Nations people they met on this continent. When colonists advised **First** Nations people not to "Spare the rod **and** spoil the child", our ancestors advised them in return: "If we **harsh** with our children, they will be harsh with us when we are old". First Nations children who were taught with kindness somehow learned to treat **their** relatives (who included practically everyone in the village) in the same way. They also learned that the natural world **was** kind to them and it had to be treated with respect as well.

Of course, Mohawks were not wimps. Enemies were confronted **fearlessly** and without kindness, except if they were taken captive and **given** the option of being adopted. Once a former enemy became part of a **family** he was **then** given all the kindness and **courtesy** due to a relative.

So what has happened to allow a spirit of violence to invade the homes of First Nations people, to the extent that we actually need shelters and police to respond to "domestic violence"? What has gone wrong that schoolyard bullying is a problem not **only** in provincial schools but in First Nations schools as well?

(2)

Here at Tyendinaga and right across Canada educators, child care workers, counsellors, parents, community members are working to restore the knowledge of who **we** are and the ancient teachings that helped us to survive and live well. For Haudenosaunee adults and children this means knowing who we are related to, and what our responsibilities are to our relations. It means hearing the history that once the **Six** Nations were at war and we actually practised cannibalism. But the Peacemaker taught us a better way, and gave us the Great Law to help us remember.

At the founding of the Confederacy the obligation to maintain peace extended to the **Six** Nations who were bound together as relatives, sharing a great longhouse that stretched from the Mohawk River on the east to Lake Erie on the west. But the White Roots of Peace stretched much **further** than those historic lands, reaching out to far off nations.

We are still learning how to expand our vision to match the teachings of the Great Law. We now share our lands on Turtle Island with people of many nations. **A** couple of years ago the Chief Justice of the Supreme Court of Canada told disputants from British Columbia to **go** back and find a way to negotiate a settlement of their differences. He concluded his judgement with the words: "Let's face it. We are all here to stay!"

Peace on **earth**; good will among men (and women). 'Tis the season to reflect on who are our relations in the global village where we now live.

Skennen kowa. Great Peace to you.

Ohahase Education Centre

Adult Basic & Literacy Education

Community Connections:
Important Lessons Right Here at Home

Literacy is about more than reading and writing. It's also about speaking, calculating, critical thinking and processing information in an increasingly complex world. Everyday tasks, like helping children with homework, using computers and the Internet, following doctors' instructions, and many other daily tasks demand strong literacy skills. What's more, literacy skills are like muscles – if you don't use them, you lose them. So, in a world that is changing as fast as ours, people need to keep learning from childhood to old age.

I learned that at least 22% of Canadians have serious problems with reading and writing, and many more read, but not well enough for the demands of today's world. Canada's Aboriginal population was not factored into the Canadian figures for the International Adult Literacy Survey conducted in 1994/96. This study revealed that almost 50% of Canadian adults couldn't work well with words and numbers. The reality is that Canada's aboriginal peoples have even lower literacy rates. This disadvantage is compounded by the inter-connectedness of literacy to poverty, poor health and high unemployment and crime rates.

Aboriginal literacy is a complex issue, involving the need to heal, and to reclaim identity, language, culture, and self-determination. In order to address the literacy needs in our community, Ohahase Education Centre offers the Portfolio-assisted Prior Learning Assessment Program. This program has gained provincial and national recognition as a 'best practice' in Aboriginal Adult Basic and Literacy Education, and has been included in a position paper on Aboriginal Literacy in Canada by the National Aboriginal Design Committee.

The literacy component of Ohahase Education Centre also offers one-to-one and small group tutorials, introduction to computers, basic mathematics and English as a Second Language (ESL) studies. Even if you don't struggle with literacy personally, you may have a parent, or neighbour, or friend who does and we can help.

✧ Here are some tips for using clear writing in your communications.

1. Use a friendly, down to earth tone (be real).
2. Keep sentences and paragraphs short and simple (one idea per sentence).
3. Choose your words carefully (use simple, familiar words).
4. Make it easy for your readers to find information (choose a title that lets people see immediately whether it's relevant to them).
5. Layout and design matter too (readability of the text).

POLICE

**POLICE PAGE
UNSOLVED CRIMES!**

Between October 25th and November 24th the Tyendinaga Police Service investigated 60 calls for service. Among these calls were several occurrences for which the Tyendinaga Police Service is requesting assistance from the community.

On November 4*, a resident of Ridge road, near Quinte Mohawk School, reported that a boy's bicycle had been stolen from their yard. The bike is described as: blue Monza, size is 24 inches.

On November 11*, a resident of the Flight school residence at the airport reported finding his room broken into. He had been away for the weekend, and upon his return, found that his room had been entered. It had been locked when he left. The victim found that his X-Box video game console had been taken. Value of the game console is approximately \$399.

During the morning of November 11th, military personnel from CFB Trenton were conducting a training maneuver on lands around the Mohawk Airport. This exercise had been with the knowledge and permission of the Mohawks of the Bay of Quinte Chief and Council. At approximately 9:30 a.m., an unknown person or persons fired several shots at some of these armed forces personnel. While no one was injured, some rounds hit very close to the men. The military members were later confronted by some community members and ceased their training exercise. As there was no danger at anytime to any member of the Tyendinaga Mohawk Territory, but shots were fired at these armed forces personnel, the Tyendinaga Police Service is currently investigating the dangerous use of firearms in this matter.

Sometime overnight on November 11th, unknown person(s) broke into the pop machine located outside of Pat's Variety on Highway 49. An unknown amount of change was taken. There are no suspects for this occurrence.

On November 18th, it was reported to Tyendinaga Police that a residence on Sadie's Lane by Quinte Mohawk School had been broken into sometime over the previous weekend. Among the things taken were eight 40kg bags of various frozen meats from two different freezers, a Dust Devil upright vacuum, a rechargeable flashlight and a television stand that was still in its box. There are no suspects for this occurrence.

Sometime between October 23rd and November 22nd unknown persons broke into a cottage at Snookie's campground. Entry was gained by smashing a small window. It is not known at this time what, if anything was taken. There are no suspects at this time.

Anyone with information about these occurrences, or any other crime, is asked to contact the Tyendinaga Police Service at 967-3888, or to anonymously call Quinte Crime Stoppers at 967-8477. If your call to Crime Stoppers results in an arrest, you may be eligible for a cash reward.

MOHAWK FIRE DEPARTMENT

The Mohawk Firefighters in November responded to 5 calls:

- 1 - Mutual Aid
- 1 - Vehicle Fire
- 2 - Motor Vehicle Accidents
- 1 - Trailer Fire

This brings our total to 54 calls for the year 2002.

RHS Background

The Assembly of First Nations' Chief's Committee on Health and its delegated committee, the First Nations Information Governance Committee (FNIGC) have mandated the First Nations Center of the National Aboriginal Health Organization to coordinate the 2002 First Nations and Inuit Regional Longitudinal Health Survey (FNIRLHS) and to serve as caretakers (stewards) of the national data. The actual implementation of the survey is being completed by various regional organizations who work in collaboration with the First Nations Centre.

The RHS was first conducted in 1997 and the next wave of the survey is scheduled for July to October 2002. The survey will be carried out every four years. The survey will collect health and wellness information on adults (18 years old and up), youths (12-17 years old) and children (birth to 11 years old).

Wholistic Approach

Survey questions will address the physical, mental, emotional and spiritual needs of First Nations and Inuit who may be participating. The main topics of the questionnaires include:

- Basic demographic data
- Language/ Education
- Employment/ Income
- Housing
- Community development
- Diabetes & medical conditions
- Physical injuries
- Dental care
- Food and nutrition
- Physical activity
- Disability and limitation

Benefits

Research should facilitate the First Nations and Inuit communities in learning more about the health and well being of their peoples, taking control and management of their health information and assisting in the promotion of healthy lifestyles, practices and effective program planning. First Nations and Inuit community based research is a powerful tool for learning about health and wellness while contributing to the health of the communities in which research is being conducted.

Information collected from the First Nations and Inuit Regional Longitudinal Health Survey will:

- Provide First Nations/Inuit with key information to guide community, regional and national planning, policy development and advocacy
- Enhance First Nations/Inuit capacity and control over research
- Offer scientific information validated by First Nations/Inuit
- Enable First Nations/Inuit to assess the progress made by our communities in the area of health and health programming

THE BREASTFEEDING CIRCLE

How do I handle everything that needs to be done for the holidays AND breastfeed my baby?

Holiday times can bring extra demands with cooking, company, shopping, visiting, that can lead to accidental weaning. Other busy times, like moving, can get so busy that we overlook the needs of the baby, use a bottle, food or pacifier and suddenly find baby won't breastfeed. Keep baby close in a nursing position in a carrier or sling and bring baby to bed with you for easy feeds. Putting your feet up, letting go of busyness, having potlucks, or taking time off from providing food, and sometimes nursing away from the hubbub of the family can help make things calm and create a sacred, deeper thanksgiving space. Rethink your priorities. If things go off track, give lots of your time to the baby over the next few days: cuddling, stroking, and skin-to-skin contact. *'In the seasons of the world, these days of celebration come again and again—but the special season of nursing comes only once in the life of a child'*

Healthy Happy Holidays

If the holidays just meant one day of splurging on December 25th we wouldn't have to worry too much but we all know that holiday celebrations start long before the 25th and extend right on through to new years. This means almost a month of parties and overeating which is why we end up with **Christmas** weight gain and for those with diabetes - higher holiday blood sugars (not the gift you had asked for!) You can take steps to help lighten your load this year and keep yourself healthy for the holidays.

Don't go to parties "starving". Skipping meals all day so you can splurge at a party will actually backfire on you. If you arrive at a party hungry because you haven't eaten all day, you are likely to eat more of everything. The day of the party, eat as you would any other day. This will decrease your chances of overeating at your event.

Ask your hostess if you can bring an appetizer or some other dish. Take a healthy item (low fat, low sugar etc.) that you can fill up on and have smaller portions of the other higher fat/sugar foods. **This** way you get to enjoy some of those holiday treats but you don't have to overdo it.

Don't forget about physical activity. The holiday season always feels rushed and we never seem to have enough time. If you need to cut back on some of your regular day-today thing that is **fine** just make sure that exercise is not the one to go!!! Not only will regular activity help prevent weight gain and increased blood sugars but it will **also** help you cope with the stress that often comes along with the holiday season.

Be careful with alcohol. Alcohol is very **high** in calories and it also tends to make us hungry. Take along some diet pop or club soda that you can sip on throughout the evening.

Telehealth Ontario

Free Access to a Registered Nurse — 24 Hours a day, 7 days a week

1-866-797-0000

TTY : 1-866-797-0007

What is Telehealth Ontario?

Telehealth Ontario is a free, confidential telephone service you can call to get health advice or general health information from a Registered Nurse.

That means quick, easy access to a qualified health professional, who can assess your symptoms and help you decide your best first step. We can help you decide whether to care for yourself, make an appointment with your doctor, go to a clinic, contact a community service or go to a hospital emergency room.

How Does Telehealth Ontario Work?

When you call Telehealth Ontario, you will be talking directly with a Registered Nurse. You will be asked to describe your symptoms and answer questions to best assess the seriousness of the problem. Based on the assessment, the Registered Nurse can either advise self care, recommend a visit to a health practitioner or, give you the phone numbers of community resources nearest you.

The Telehealth Ontario service is provided in English and French, with translation support for other languages and a direct TTY number for those with hearing and speech difficulties. Callers can also be connected to medication information and health information audio tapes.

RED CEDARS

Social

- putting you down, ignoring you
- embarrassing you in front of your children, making scenes in public
- not letting you see your friends or being rude to your friends
- being jealous of your friends, family, or accomplishments
- being nice to others but changing his personality when with you
- not taking responsibility for the children
- turning your children against you
- choosing friends or family over you
- comparing you unfavourably with other women
- not allowing you to express your emotions (denying your feelings)
- taking your passport or threatening to have you deported

Abuse of women is violence. It is not acceptable. Certain forms of abuse are criminal offences. See page 6 or contact your local police or transition house for further information.

Who Abuses Women?

Abusers can be found in any type of family or intimate/close relationship. Abusers can be:

- husbands
- ex-husbands
- live-in partners
- boyfriends
- lovers
- any relative
- caregivers

Men who abuse women can be of any age, race, religion, or economic background. They can have any kind of job and any level of education.

Abuse also occurs in lesbian relationships

The one thing all abusers have in common is that they all believe it is okay to hurt people, even those they love.

Violence is never okay, no matter what.

From Team Red Cedars to Our Community at Christmas time

Through out the year people in our community make donations to the shelter, which in turn is used by the people that come through our doors. Due to the generosity of people who give and share of themselves, time or articles of clothing or other household items, other people who are experiencing pain can share in small pleasures. We'd like to pass along the thoughts of those whose lives have changed due to your generosity. To be able to see a smile when all seemed bleak is more than words can say. So thank you from all of us, our clients and the children for your continued support.

Information about Abuse

What is Abuse?

Abuse of a woman is an abuse of power and can be a criminal act. It is about exerting control in a relationship. It is **not** about **problems** with anger management or addictions.

Abuse takes many forms:

- physical
- sexual
- emotional/psychological
- verbal
- social
- financial

Abuse **happens** in **all** different kinds of families and intimate relationships. Women are most often abused **by** **their** husbands, their **boyfriends**, the men they **live with** or have had a relationship **with** in the **past**. But women are **also** abused in dating relationships, **and** they are abused in **lesbian** relationships. Women with disabilities **and** **elderly** women also **report** abuse by family and caregivers.

People call abuse of women different **things**:

- **wife** battering/wife assault
- domestic violence
- family violence
- **wife** abuse/spousal abuse
- woman **abuse**
- physical or mental cruelty
- violence against women
- assault

Some *Forms of Abuse Are Crimes*

These forms of **abuse** are criminal offences in the Criminal Code:

- physical assault: hitting, punching, **choking**, etc.
- sexual assault
- **child** abuse
- threats to **harm**
- withholding food **and** medical treatment

- threats to kill
- **taking** your **pay** cheque

- choking, kicking, punching, slapping, **grabbing**, **poking** you
- pushing, shoving, spitting at you, pulling **your** hair
- physically restraining you, stopping you from leaving
- holding or hugging **you** **when** you say "no"
- any unwanted physical contact
- **abusing** your **children**
- treating you roughly
- throwing things

Sexual

- forcing you to have **sex** (**rape**)
- **threatening** to harm your reputation
- putting you down or comparing you sexually to others
- getting **back** at you for refusing to have **sex**
- sleeping **around**, or threatening to
- **treating** you as a **sex** object
- **forcing** you to **look** at pornography
- hounding you for **sex** or forcing certain positions
- accusing you of **having** sex **with** other men

Verbal

- verbally threatening you (telling you to stop crying ... or else)
- calling you names (stupid, slut, crazy, bitch, whore ...)
- yelling, **shouting**, or raising his voice **at** you
- abusing your children
- **being** sarcastic or critical
- blaming you repeatedly for things that **go** **wrong**
- insulting you or your family
- laughing **in** your **face**

Financial/Economic

- controlling you **by** not **paying** the **bills**
- refusing to give you money for groceries, clothing, **things** you need
- spending **all** the **money** on things he **wants** (alcohol/drugs, gambling, **trips**, **cars**, sports)
- **forbidding** you to **work** outside the home
- taking your money or your pay cheque
- not **letting** you take part in financial **decisions**

Emotional/Psychological

- intimidating you, making you **afraid**
- playing 'mind games'
- **ignoring** you, **being** silent, walking away **from** you in discussion
- refusing to **deal** **with** issues
- putting you down, finding and talking **about** your faults, brainwashing
- acting jealous and being possessive, falsely accusing you
- treating you like a child
- making you think you're **stupid** or crazy
- refusing to do **things** **with** you or for you (such as **withholding** sex)
- **not** telling you **what** he **is** doing and **lying**
- criticizing how you look
- not **allowing** you to do what he **does** **himself**
- telling **sexist** or woman-hating jokes
- **destroying** your belongings
- **hurting** your **pets**

COMMUNITY INTEREST

Dear Potential Sponsor:

Christmas Draw

We, of the Tyendinaga Community Policing Committee are promoting ticket sales to help the less fortunate children on the Tyendinaga Mohawk Territory to be able to attend recreational activities. (i.e. swimming, dances, baseball, etc)

We will be working closely with the Mohawk Recreation Committee and MBQ Recreation Department in order to determine the wishes of the children. The monies derived from the sale of the tickets will be disbursed to community youth by the Tyendinaga Community Policing Committee.

Please help us to support these children through the proceeds of our ticket sales. Any cash donations would also be greatly appreciated.

Thanking you in advance and the Community Policing Committee would like to Wish you All a Very Merry Christmas and a Happy New Year!

POSTCARDS FROM THE VISION QUEST

“Uncle Travelling Matt” Identifies Himself (think: Fraggles Rock)

When I come home to visit at Christmas, my **Grampa** will ask, as he has **all** seven years **since** I moved away, if it snows in Nashville. I used to **try** to minimize the differences between my so-called new home and the land where I grew up **by** laughing off the question as though it were almost too absurd a thought to consider. back when I was young and homesick. “Yeah, it snows,” I’d say. “Not **as** much as it does here, or for as many months. but it **snows**.” Then we’d move on to a new topic. I’ve had to change my answer in more recent years, though – partly due to my fatigue over the question of weather (for the record: you know your conversation is ‘ready to flush’ when the topic comes around to weather, especially when there’s no follow-up point like what to wear or what to hunt) but mostly because I’ve lived here long enough to personally witness the differences. “Yeah, it **snows**, though not as much, and **NOBODY** knows how to drive in it! If there’s so much as a threat of even a few inches of snow, the public schools close in anticipation and the grocery stores immediately sell out of bottled water and bread.”

Conversely, many people in Nashville have asked me during the humidity of May, June, July, August and **parts** of **April** and September if there’s ever any humidity in Canada. To an American, simply crossing the border is not a matter of crossing a bridge at, say, Niagara Falls **NY** to Niagara Falls **ON** as much as it is crossing a bridge from Miami directly to the northern-most point in Canada. Sometimes I wonder if they think Alaska would be preferable to **Canada** “because Canada’s so far up there!”

Nashville really isn’t as far away from Tyendinaga as I’d originally assumed it to be when I was a teenager. Maybe I’m taking for granted lower long distance phone rates and the invention of email but I feel more connected to my family and home than I thought I would be. Maybe it’s because most people outside the ‘reservationsystem’ never **think** about where they come from beyond their own life’s experience. Maybe it’s because I know if I drive straight north and hang a right at Detroit it doesn’t **SOUND** like it takes fourteen hours.

You know, **by** air it’s only one and a **half** hours to Toronto, not including the time change... or the **part** about having to find your way home from Toronto. Landmarks, though, take on new significances. Whereas I now feel as though I’m almost home when I pull onto my street, when I go to Tyendinaga, I feel “almost home” when I **pass** that big apple on the **401** or the rest stop that has Wendy’s, Subway and Tim Horton’s. Oh, and speaking of...

There is no such thing as **Tim Horton’s** in America. Of course, except for the northeast, there was no such thing **as** **HOCKEY** down here until, like, fifteen years ago. There are so many things Canadians take for granted that Americans perhaps wouldn’t even understand and vice versa. You usually don’t wonder why things are the way they are until you’re no longer there anymore. One day in the break room at work, a lady pulled a corn dog out of the microwave and I said, “Oh, a Pogo! I haven’t had one of those in so long.” Then I sat and waited while everyone in **the** room took their **turn** laughing at me. **They said**, “Why do you call it a Pogo?” and I just didn’t have an answer.

When you **think** about it, why **are** corn dogs, which are hot **dogs** in corn **bread** batter, called Pogos? They’re long and there is a stick involved but, most importantly, they don’t **bounce**. Trust me.

In spite of what, in the last **paragraph**, may have been the most insignificant example I’ll ever offer (cross your fingers too), I have found myself many times **explaining** who I am, where I’m from, what it’s like there, how it compares to here (and whether it should or should not be expected to) and have therefore found myself thinking more about me, us, Tyendinaga, Canada and all of Turtle Island

I’ll admit, most of what I’ve written here **has** taken on a decidedly **Canada** vs. **America** slant and, to an extent, I regret that. **As** Native North American Indian people, we are **supposed** to feel as though we **are** neither Canadian nor American. Of course, the truth is when you **HAPPEN** to be IN Canada and you want a coffee, you go to Tim Horton’s; when you **happen** to be in the United States and you want a coffee, you go to Starbucks. Realize now how moot yet another of **my** examples is when I reveal that I never **drink** coffee and have no intention of **starting**. Regardless...

I’m tired of explaining myself to people down here who, it seems, may never really understand the uniqueness of who we are so, instead of calling my mom and boring her with my **musings**, I’ve decided to spew it out for all of my community. (**Huzzrah** for you). Over the next few months my intention is to tell of the experiences, surprises, complications, and **revised** dreams of one person’s journey from home. For example, Kentucky Fried Chicken is better in Canada, and french fries with **gravy** is about **as** laughable to a Tennessean **as** hush puppies would be to us (and I’m not **talking** about shoes).

Honestly, though, what does it mean to live in an area that seems to have trouble recognizing more than two races? How does coming from **the** rez into the larger world **affect** one’s **identity**, and what would it be like to not have the experience of growing up in a community like ours? How valuable is **post** secondary education, and the degree that you choose? Are we being adequately represented in **popular** media? Think about the parallels you’ve seen, if you’ve seen any, between ours other **cultures** regarding issues such as language, authenticity, intermarriage. And let me know if you have any questions, comments or topic ideas. Email me at mohawkvisionquest@canada.com

With Christmas just around the corner, we mustn’t forget about books. It doesn’t matter what age we are buying for – books make great gifts.

Here are some reasons why books make the best presents:

1. Books don’t have to be assembled before being given.
2. Books don’t need batteries.
3. Books never come in the wrong color or size.
4. Books don’t go out of style.
5. Books don’t bark or need to be walked in the middle of the night.
6. Books don’t need spare parts or extension cords.
7. Books don’t have zippers that break or need ironing.
8. Books are easier to wrap than footballs!
9. Great gift to open Christmas Eve especially if it is a Christmas Book!

Suggested Books for under the tree this year:

Board Books suitable for Infants and Toddlers

Coudouroy’s Merry Christmas. By Don Freeman
 My First Touch & Feel Christmas.
 Clifford’s Christmas Presents. (Flap Book)
 Little People’s Christmas Is Here! (Flap Book)

Picture Books suitable for Preschoolers and Beginner Readers

Who’s That Knocking on Christmas Eve? By Jan Brett
 Christmas Troll By Jan Brett
 Here Comes Santa Claus. By Gene Autry & Oakley Haldeman
 Madeline’s Christmas By Ludwig Behelman
 If You Take a Mouse to the Movies By Laura Numeroff
 Best – Ever Play & Learn Sticker Collection
 Stranger in the Woods By Carl R. Sams 11 & Jean Stock

So let sugar plums dance in their heads **as** your little one goes off to **bed** this Christmas Eve after a wonderful Christmas Good Night Story.
 Happy Shopping for that special **book** this **Christmas!**

Jingle Bells, Jingle Bells.....

Traditions are a wonderful way to remember and renew our roots. Christmas traditions are especially warm to our hearts. Even with all the hussle and bussle of the festive season, we can still include literacy and numeracy activities.

A wonderful Christmas tradition that helps develop speech and language with children is singing Christmas songs and carols. Singing Christmas songs and carols is great for all ages young and old. Jingle Bells, Here Comes Santa Claus and Up on the Roof Top to mention just a few light up children's ears and eyes during the festive season. Brain research says: Songs, movement, and musical games of childhood are neurological exercises that help children learn speech patterns and motor skills. Gaining inner rhythmic sureness is one of the most important tasks of the young child – a precondition to success in reading, writing, or any other learning. The child achieves this rhythm by chanting words and word patterns; by saying nonsense rhythm and poetry; by singing little songs; and by clapping or walking to the beat of the music.

Listed below are some fun songs to learn and sing during the festive season:

Give A Gift (Sung to: Row, Row, Row Your Boat)

Give, give, give a gift,
At Christmas time this year
Merrily, merrily, merrily, merrily,
We share our **Christmas** cheer.

Christmas Time (Sung to: ROW, Row, Row Your Boat)

Ring, ring, ring the bells. (Make motions of bells ringing)
Ring them loud and clear,
To tell the children everywhere
That Christmas time is here.

Christmas Tree (sung to: Mulberry Bush)

Here stands a lovely Christmas tree,
(Hold hands up, fingers touching)
Christmas tree, Christmas tree.
Here stands a lovely Christmas tree
So early in the morning.

Comin' Down the Chimney (Sung to: She'll be Comin' Round the Mountain)

He'll be comin' down the chimney when he comes
He'll be **comin'** down the chimney when he comes
He'll be comin' down the chimney, He'll be comin' **down** the chimney
He'll be **comin'** down the chimney when he comes.

2. He'll be bringin' lots of goodies
3. He'll have all of his reindeer..
4. And he'll need some **milk** and cookies...

Ten Little Reindeer (Sung to: Ten Little Indians)

One little, two little, three little reindeer
Four little, five little, six little reindeer
Seven little, eight little, nine little reindeer
Ready for Christmas Eve.

Action Rhyme

Santa

When Santa comes down the chimney (Downward motion with hands)
I should like to peek (Peek through fingers)
But he'll never come, no never (shake head)
Until I'm **fast** asleep. (Palms together beside head)

So enjoy the wonderful carols and songs of the **Christmas** season and remember just how important they really are!

Many Thanks!

For all the kindness' shown the family of the late Clayton Brant who passed away on Wednesday October 30, 2002. We appreciate the food, cards, flowers, visits, and other acts of love that have been given and shown, to help us through this time of mourning.

Our family very much appreciated the offer of the Reverend Cheryl Watson that permitted our son-in-law Rod to conduct the funeral service at All Saints Church. Thank you also to the Mohawk Ladies Guild for preparing the post funeral luncheon and to Larry McGlade of McGlade's Funeral Home for his very personal service and assistance given to our family at this time.

Sincerely,

TYENDINAGA YOUTH TABLE HOCKEY

It is almost time again for the youth table hockey tournament. This year will be the 3rd annual Tyendinaga Police / Norm Maracle youth table hockey tournament.

As in the past two years, the one day tournament is for all youths in grades three to eight and will be held during the school's Christmas break. This year the date is Monday, December 30th, and it will be held at the community center starting at 9:00 a.m.

The tournament is set up into two divisions. One for youths in grades three to five, and the other for those in grades six to eight.

The cost is three dollars and for this each player gets:

- a minimum of two games, likely more
- a lunch of hamburgers or hotdogs, chips and a drink
- a "goody bag"
- a chance to win one of many door prizes, drawn throughout the day
- special prizes for the "A" and "B" champs in both divisions

the tournament can take up to 32 players in both divisions, as we have three games going at one time in both divisions. For more information you can call 396-1628, or email mkeandkathy@sympatico.ca

The court date for the class action lawsuit in the matter of discrimination, initiated by Connie Perron (Hill) will be held in Toronto, **Thursday, December 12 & Friday, December 13, 2002**. This is a matter that concerns everyone who values his or her native heritage and wants future generations to be free from gender-based discrimination. The NWA is asking that anyone who would like take a bus to Toronto to support Connie in this class action lawsuit to contact her at 968-2909 as soon as possible. You do not have to be a member of the NWA to participate in this bus trip. Everyone is welcome!

The NWA, would like to take this opportunity to thank everyone who supports our various initiatives throughout the year. It is hoped you will have time to get together with family and friends over the holiday season. We wish everyone a very peaceful and Merry Christmas during this very special time of year and all the very best in 2003!
