## ASSEMBLY OF FIRST NATIONS TAXATION BULLETIN

### TAX EXEMPTION EXTENDED

Following a meeting with Minister Anderson on December 6, 1993, the Assembly of First Nations was assured that the Remission Order introduced for the 1993 year will be extended for another year. The Minister reaffirmed the statement of current Prime Minister, Jean Chretien, in his widely distributed letter of June 30, 1993. "Here he stated that '[the Liberal Party] believes that Revenue Canada has introduced [the changes to the section 67 exemption] based on a seriously flawed understanding of the Williams case'.

The Remission Order was put in place early this year to ensure that the tax exemption to the income of Indians would not change as Revenue Canada had announced last December. The extension of this order means that persons working for reserve-based organizations or companies will continue to be full tax exempt during the 1994 taxation year.

### COMMITMENT TO CONSULTATION

Minister Anderson also confirmed the commitment set out in the Liberal Party's Red Book that policy changes will take place only after prior consultation. The Assembly of First Nations delegates clearly stated dissatisfaction with the process undertaken by Revenue Canada. Since July 1993, Revenue Canada

officials have held meetings with First Nations representatives in various provinces. These meetings were aimed at assisting Revenue Canada in defining a range of situations which would have sufficient "connecting factors" to fall within the understanding of the test in Williams.

### NO REAL CONSULTATIONS TO DATE

"There have been no meaningful consultations to date," Ontario Vice Chief Gordon Peters told Minister Anderson. "The Chiefs made it clear that they reject the concept of guidelines, and do not accept a discussion based on 'connecting factors'. If we are to proceed with a process it must start with Nowegojick, not Williams."

### AFN OPPOSED TO CHANGES

The Assembly of First Nations has opposed the changes since they were first announced by Revenue Canada on December 29, 1992. At that time, Revenue Canada stated that "the income of an Indian working off reserve for an organization headquartered on reserve will no longer be tax exempt for that reason only".

This change could have negatively impacted on many First Nation businesses and political organizations who are headquartered on reserve, but whose employees work off-reserve.

Prior to this announcement, the test used by

Revenue Canada in exempting employment income from taxation had been that articulated in the 1993 Supreme Court decision in *Nowegojick*. There, the Supreme Court of Canada looked to where the source of the income was situated - in legal terms - the situs of the debtor.

### AFN COMMITTEE TO CONTINUE WORK

## Assembly of First Nations

# BULLETIN

Update as of Nov 30/93

### AFN ADVOCACY PROFILE

#### THE HONOURABLE RONALD A. IRWIN, MINISTER OF INDIAN AND NORTHERN AFFAIRS

On November 4th, 1993 Mr. Ron Irwin was appointed Minister of Indian Affairs and Northern Development.

Upon his appointment, the Minister is quoted as saying: "I'm sure there are hundreds of people in Canada who are more qualified than me - including Ethel Blondin" (The Ottawa Citizen, November 11, 1993).

He is also quoted as saying, "I'm going to make mistakes, but I will need to rely on the Chiefs to help me to do the best I can."

#### POLITICAL BACKGROUND:

Mr. Irwin was first elected to the House of Commons in 1980. Mr. Irwin was Parliamentary Secretary to then Justice Minister Jean Chretien, while serving as an MP between 1980 and 1984. He also served as Parliamentary Secretary to the Minister of State for Social Development and to the Secretary of State for External Affairs. While Parliamentary Secretary, he served on the parliamentary committee on the Constitution.

He was a member of the Liberal Party of Canada's "National Campaign Committee", and has served as National Campaign Caucus Chairman and Northern Ontario Campaign Chairman for Jean Chretien. It is firmly believed that the Minister has a very close personal

relationship with the Prime Minister as a friend and confidante. His loyalty to Mr. Chretien during the Liberal leadership review would indicate this.

During his time in Parliament, he distinguished himself for his ground-breaking work as the Chair of the All-Party Sub-Committee on Acid Rain, which released two influential reports (*Still Water - The Chilling Reality of Acid Rain* and *Time Lost - A Demand for Action on Acid Rain*).

As former Mayor of Sault Ste. Marie, Ontario from 1972 to 1974, he was a strong advocate of issues important to Northern Ontario. Mr. Irwin was elected to the directorship of the Ontario Municipal Association and to the Canadian Federation of Municipalities.

Mr. Irwin was elected by a 2 to 1 margin over the NDP incumbent. He represents the riding of Sault Ste. Marie.

#### FIRST NATIONS CONCERNS:

Mr. Irwin is a lawyer by profession and through his former firm (Caputo, Sarlo and Irwin) has been actively involved in representing and litigating land and Bill C-31 issues for Garden River First Nation and the Ontario Metis and Aboriginal Association in Northern Ontario.

He has indicated that he has not as yet brought in his own political staff or senior

departmental managers. He would like to change the department into an advocate of First Nation's interests based on political input from First Nations.

Despite being quoted in the Ottawa Citizen as making it clear that he would not be the Minister to dismantle the Department of Indian Affairs, Mr. Irwin remains open to including this issue in the proposed bilateral process.

He views his role as being an advocate for First Nations to articulate their interests at the Cabinet table. He gives the impression that he prefers a "hands on" approach to dealing with issues. He has stated to some Chiefs that "... the former approach of appointing a special representative for the Minister has not worked. I believe you should deal directly with the Minister to address the issue and identify solutions and give direction to resolve the situation." For example, on November 18, 1993 The Ottawa Citizen reported that the former Minister's special representative on the Kahnasetake / Oka negotiations was released by the Department of Indian Affairs.

### MEETING WITH NATIONAL CHIEF

On November 10th Mr. Irwin met with the National Chief. During these discussions, a basis for a promising personal working relationship was established. The Minister assured the National Chief of his commitment to the Liberal "Red Book" promises. He is open to further discussion on many issues including: treaty implementation, post-secondary education and a share in the Liberal Infrastructure program.

It was agreed that the way to achieve these goals is to draft a political accord between First Nations and the Federal Government to recognize the inherent right to self-government and treaty rights. The accord would initiate a bilateral

process of implementing the commitments made to Aboriginal people.

### OTHER ACHIEVEMENTS:

Mr. Irwin has been a lecturer in government and business relations at Lake Superior State University from 1986 - 1991.

His service to the community includes: Trustship on the Sault Ste. Marie Board of Education, an Alderman, a member of the Community Services Board, the Historical Sites Board and the Public Utilities Commission, Director of the Sault Ste. Marie Museum and the Chamber of Commerce, President of the Sault Ste. Marie Law Association, and a member of the Canadian Radio-Television and Telecommunications Commission from 1977 to 1980.

In 1975, Minister Irwin was awarded the Order of Canada. He has also received the Sault Jaycee Outstanding Canadian and the Sault Ste. Marie Conservation Man of the Year Awards. He is also the recipient of the Queen's Jubilee medal and also the Commemorative medal in 1992.

### PERSONAL INFORMATION:

The Minister presents himself as very personable with a "folksy" style which is similar to Mr. Chretien's "little guy from Shawinigan" approach. Mr. Irwin is married to Margaret Frech and they have three children.

TO: ALL CHIEFS, REGIONAL GRAND CHIEFS AND TRIBAL COUNCILS  
FROM: OVIDE MERCREDI, NATIONAL CHIEF  
DATE: NOVEMBER 26, 1993  
RE: BORDER CROSSING RIGHTS - US CONGRESSIONAL LEGISLATION  
=====

In January of 1994 the US Congress is expected to hold hearings on a bill to "...restore and reaffirm the aboriginal rights of native Americans to free passage across the Canada-United States-Mexico borders." The attached draft bill contains specific references to the Jay Treaty, all lands listed in the yearly schedule of Indian bands, Reserves and Settlements published by the Canadian Ministry of Indian Affairs, and to members of a First Nation "recognized by the Canadian Ministry of Indian Affairs". When considered by the Congress this bill will have a direct impact on First Nations in Canada.

When the bill is introduced in the House of Representatives Sub Committee on Natural resources, several aboriginal organizations are expected to be invited to present testimony. The Association of Iroquois and Allied Indians (AIAI) has been asked to distribute the attached "discussion draft" in Canada and will work with the AFN national office to keep First Nations informed on its' status and hearing dates.

The AIAI, through the efforts of the Anti - GST Coordinator would like you to review the bill and present comments on how the bill can be approached to best reflect the interests of the First Nations. This information will be compiled and serve as a basis for presentations by witnesses to the congressional subcommittee. ## NEWS RELEASE

### \$20,000 CHALMERS AWARD HONOURS CANADIAN CRAFTSPERSON

**Toronto, November 30, 1993** — The Jean A. Chalmers Award for Crafts will be presented in May 1994 to an outstanding Canadian craftsperson. Nominations are now being accepted for this \$20,000 national prize. The first Chalmers Award for Crafts was awarded last year to the late François Houdé, one of Canada's leading glassworkers and a founder of Espace Verre, Quebec's only school for glasswork.

Established in 1992, this annual award is presented to a Canadian craftsperson whose work has set standards for innovation and excellence and continues to influence creativity. The award reinforces the Chalmers family's commitment to raising the profile of crafts in Canada.

The Chalmers Awards were created by the Floyd S. Chalmers family in the 1970s to honour artists in dance and theatre, and were enhanced in 1991 to include new prizes in music, craft and visual arts. The Jean A. Chalmers Award for Crafts is one of 15 existing and newly established Chalmers Awards worth a total of \$190,000. The awards are funded through an endowment given by the Chalmers family and held in trust by the Ontario Arts Council Foundation.

The winners will be announced during the Chalmers Awards ceremony at the Tanenbaum Opera Centre in Toronto on Tuesday May 10, 1994.

**The deadline for nominations is February 1, 1994.** For detailed criteria sheets and nomination forms contact the Chalmers Awards Office of the Ontario Arts Council at (416) 961-1660 or toll free in Ontario at 1-800-387-0058.

### ADULT BADMINTON CLUB

The Mohawk Recreation Committee is looking at organizing a Badminton Club on Thursday nights at QMS. The gym at QMS is capable of accommodating three "doubles" courts. However, rackets would have to be supplied for the club. There are two possibilities we could look into: each player could supply their own rackets, or a registration fee could be charged and rackets purchased from the fee.

If there is sufficient response, the Club would begin in the new year.

Anyone interested in participating in the Badminton Club please contact Andrew Alkenbrack at the Administration Office, 396-3424.

Thank You.

### NOTICE

The three remaining Gymnastics classes will be made up on Jan. 4, 11 and 18th at the same time as last year. We apologize for any inconvenience.

## WILL WE SEE THE RETURN OF... "The All Ontario Men's Hockey Tournament"?

For the past couple, maybe even a few, years, the All Ontario Men's Hockey Tournament has been non-existent. This once prestigious event, which most Rez people looked forward to participating in and attending each March/April, slowly saw its demise. A number of factors played a role; not to mention:

- ♦ just plain lack of interest - from a regional level up to a provincial level from teams, fans, and organizers;
- AND,
- ♦ probably the most important one was the unattractive prize money!!!

Well, things may soon change...at least from an organizational perspective. The OARC has received an inquiry on the All Ontario; specifically an interest has been expressed on hosting this event.

THERE IS ANY INTEREST FROM PARTICIPATING TEAMS?**

A Christmas Message

Poetry has long been an outward expression of people's inner thoughts. Certainly the following poem written by H.G. Parsons entitled "Christmas," bears this out. The author truly expresses what Christmas should mean to us in this day and age.

"When God sent Christ to save our errant earth  
So many stumbling blood-stained years ago,  
He meant thru' Him to give us all new birth  
From self and sin, and their ensuing woe.

God speed this day when we shall truly heed  
The clarion call of Christ across the years,  
To minister with Him to human need  
And build His new world free from blood and tears.

In faith we greet this Christmas-tide anew  
That bears fresh portent of a brighter day,  
Convinced at last His way of life is true  
We turn to follow where He leads the way."

And now "may the God of hope fill you with all Joy and Peace in believing" at  
this most Holy Season.

In Love and Faith

## MIND WARFARE

By R.W. Maracle, #106

*"For the weapons of our warfare are not carnal, but mighty through God to the pulling down of strongholds; Casting down imaginations, and every high thing that exalleth itself against the knowledge of God, and bringing into captivity every thought to the obedience of Christ." (II Corinthians 10:4-5)*

What is the condition of your thought life? Is your thinking cluttered or cleansed? In turbulence or in peace? You choose the quality of your thinking and determine the destiny of your life by selectively choosing from the menu of your memories. Thoughts send some to prisons and others to universities.

A person first experiences the beginnings of defeat or victory in the area of their thought life. They can allow themselves to be overwhelmed, depressed and defeated by their thinking. The brain is the computer that controls the body. If the brain malfunctions the body becomes dysfunctional.

The Devil has declared war against your thought life. To accomplish his purposes he seeks to establish beachheads of doubt, discontentment and deception in your mind. He seeks to build "strongholds in your mind of lust, lies and revenge." (II Cor. 10:4)

**Strongholds Are Constructed In A Person's Mind In Three Ways:**

**First: Getting your attention on the situation.** Remember St. Peter walked supernaturally on water, then something diverted his attention, "...he saw the wind boisterous, he was afraid; and beginning to sink, cried, saying Lord save me!" (Matt. 14:31) You must look away from the situation and look unto Jesus, "...lest ye be wearied and faint in your minds."

**Second: Getting you to receive negative thoughts that eventually become weeds.** Thoughts are like seeds. They reproduce after their kind. What is growing in the garden of your mind? Tell talebearers, tell gossipers, tell them, "your mind is off limits, no trespassing!" It is no wonder Jesus commanded, "Take heed what your hear~" (Mark 4:24) Wrong thinking is like termites that gnaw at the roots of grace within.

**Third: He builds strongholds by getting you to review and rehearse the past, binding you with painful memories of guilt, condemnation and unworthiness.** St. Peter speaks of "the hidden man of the heart". That inner hurting man can be healed. There is freedom from the bondage of bruised memories!

Christ came to "...heal the broken hearted, to preach deliverance to captives...to set at liberty them that are bruised". (Luke 4:18)

### STRONGHOLDS CAN BE DESTROYED!

**First, change your thinking!** Why, because God said "I will give them the fruit of their thoughts". (Jeremiah 6:19) "For as a man thinketh in his heart so is he". (Prov. 23:7) Emerson said, "Thought is the seed of action!" Thoughts make giants out of pygmies, and pygmies out of giants. You can replace a negative thought with a positive thought.

Dwell upon these positive mind cleansing thoughts, "Finally, brethren, whatsoever things are true, (honourable) whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of a good report...think on these things." (Phil 4:8)

**Second, resist the Devil!** The area that he wants to control and contaminate is the mind. He is out to target your mind with darts of doubt and depression." Above all (top priority) taking up the shield of faith, wherewith ye shall be able to quench (extinguish) all the fiery darts of the wicked one." (Eph. 6:16) There is victory over unruly thinking!

**Third, control and submit your thoughts!** "...bringing into captivity every thought to the obedience (dominance) of Christ". (II Cor. 10:5) Thoughts that have been bruising and battering, cutting, condemning and contaminating can be captured and surrendered to Christ. The one that rebuked the wind and waves can still the voice of turbulent thoughts.

If we allow our minds to be cluttered with wrong thoughts, our thinking becomes distorted. The Lord wants you to, "Gird up the loins of your mind (guard against the invasion of wrong thoughts) and be so-

ber minded". (I Peter 1:13)

As a person staggers outwardly, so also a person staggers inwardly. Thinking can stagger inwardly. The quality of your life depends upon what you meditate on. Remember David said, "I complained and my spirit was overwhelmed." (Psa. 77:3)

You are told to "let the peace of God rule your heart and mind". (Col. 3:15) The word "let" means to allow and to permit. What have you allowed and permitted to rule your thinking? "Out of the abundance of the heart the mouth speaketh". (Matt. 12:34) The mouth will access what you have stored in your mind. With your words you will either pierce, wound and snite; or minister, comfort up and heal!

Yes there is a victorious process of overcoming. You can be changed, "...transformed by the renewing of your mind". (Romans 12:2) Renew your mind through scripture, confession, praise, prayer and selective thinking.

Will you, right now, submit those troubling thoughts to Him. What you can't do, He can do. Strongholds can come down! A contaminated mind can be cleansed! The power of disturbing thought can be extinguished!

Friend, what the Lord did for a man that was driven, tormented and without rest, He can do for you. They found him, "...sitting at the feet of Jesus, clothed and in his right mind". (Luke 8:35)

MCMURTER HOME CENTRE

Material Survey

=====

Attention Contractors and General Public,

We, Jim and Kelly McMurter, are pleased to announce that we are opening a Home Centre in the spring of 1994. We will be servicing our community and the surrounding area, with Lumber and Hardware necessary for new construction and home renovations.

In order to stock the supplies you need and want in our store, we are doing a survey to be able to better service your needs.

On the back side of this page, there is a list of questions that will help us determine what stock we should be stocking in our new store. Any question that you do not want to answer, please just skip over and continue on with the following questions.

Please drop your questionnaire off at our shop at your earliest convenience. We are still located on the corner of Hwy.49 and the York Rd. Our new location will be just south of York Rd. on Hwy. 49. Drive by and see our new sign!

Watch for our Logo Contest coming in the next issue of the newsletter!

We will be happy to answer any questions you want to know about the Home Centre.

JIM and KELLY MCMURTER

*Welcome to*

# Protect-Water Services Inc.

**JIM PORTER PLUMBING • 354-6080**

In our province, water is often hard to come by - and just plain hard. That's why it's important to treat it right. Properly treated water will repay you - not just in its purity and softness, but in hard cash savings too. Hard water can be expensive. It makes your clothes dull and grey, and they wear faster. It means you use more soap and waste more water. Corrosion destroys pipes and shortens the life of fixtures and appliances.

Your family deserves the security of a clean healthful supply of safe drinking water.

**PROTECT-WATER SERVICES INC.** is a local concern owned and operated by **JIM PORTER**. They specialize in Chemical Free Iron and Sulphur filters, Ultra violet purification systems, Reverse Osmosis and distiller for high quality drinking water, water softeners, Duro and Red Jacket well pumps and pressure systems and plumbing problem repair service.

**PROTECT-WATER SERVICES INC.** services have proven to be a saving not a cost factor and is one of the best investments that any homeowners, business, farm or industry can have installed in their establishment. They offer a wide range of products to improve your water's quality.

Call the above phone number or stop into the Napanee Mall and see some of their products on display.

When it comes to the best in service, plumbing, and sales of water treatment systems in the area, look no further than **PROTECT-WATER SERVICES INC.**
