**NOTICE - FROM THE LANDFILL CUSTODIAN**

It has come to my attention that a few people using the Landfill Site have been disposing of wood ash and sometimes "HOT AMBERS" during hours of operation.

Please use common sense and place any ambers well away from combustible materials at the landfill site. On a few occasions hot ambers were found mixed in with the regular household garbage. This kind of activity is not a very safe practice to be using at our landfill site as fires can be started quite easily. It would be most unfortunate if the Tyendinaga Fire Department had to be dispatched due to a resulting fire from hot ambers.

Thank you for your continued cooperation.

HOUSING CO-ORDINATOR

# *News Release Communiqué*

## **NEW SCHOOL FOR SANDY LAKE FIRST NATION**

**SANDY LAKE, ONT., December 23, 1993** -- The Minister of Indian Affairs and Northern Development, Ronald Irwin, and M.P. for Kenora-Rainy River, Robert Nault, today announced the construction of a new school project for the Sandy Lake First Nation.

"This new facility will enhance the level of education to meet the needs of Canada's youngest and fastest growing population," said Mr. Irwin.

The school, operated and maintained by the Sandy Lake First Nation, will accommodate up to 297 Grade 5-10 students. It will include 12 classrooms, a library/resource centre, an auditorium/gymnasium as well as administrative offices. Sandy Lake First Nation is planning to occupy the new school by September 1995. Furthermore, it is expected that fifty per cent of the students from the nearby community of Keewaywin will attend school at Sandy Lake.

The Sandy Lake First Nation is located approximately 50 km east of the Ontario/Manitoba border and has an on-reserve population of approximately 1,400. It intends to maximize the benefits that the construction of the \$9.3 million school will provide by forming a joint venture between Sandy Lake Community Development Service Corporation and a general contractor.

"Projects like the construction of the Sandy Lake School enable Aboriginal communities to develop important training, employment and economic opportunities for their people", noted Mr. Nault.

Mr. Irwin added, "Our government's commitment to investing in Aboriginal people will benefit all Canadians."

## **DIAND AND THE MOKAKIT EDUCATION RESEARCH ASSOCIATION LAUNCH ABORIGINAL HEROES PROJECT**

**VANCOUVER (December 10, 1993) --** Students, teachers, University of British Columbia (UBC) Faculty, British Columbia Chiefs, federal and provincial officials, and representatives of the Mokakit Education Research Association were among those who gathered in the UBC Longhouse today to launch ***Courageous Spirits -- Aboriginal Heroes of Our Children***.

*Courageous Spirits* is a book of essays accompanied by a teacher's guide -- the result of a 1992 nationwide writing contest developed by Mokakit and sponsored by the Department of Indian Affairs and Northern Development (DIAND).

Students of Aboriginal ancestry from all grade levels across the country were invited to submit stories, essays, plays and poems in which they described their Aboriginal "hero". Schools selected one winner in each category -- grades K-3, 4-7 and 8-12 -- and forwarded those entries to Mokakit for final judging. Twenty winners were selected by the four judges. In addition, entries were encouraged from students who wanted their writing considered, but were not interested in entering competitively. More than half the stories were selected from those entries.

The book of essays is accompanied by a teacher's guide designed to help teachers introduce research methods to complement reading, social studies, writing and other areas of study in the classroom.

"Aboriginal children across Canada have written stories of determination, hope and survival, and they know instinctively that true heroism is not about wealth, or power, or station of birth. It is about character, courage and moral values. It's about soul. Their stories are truly inspirational," said B.C. Regional Director General John Watson, representing Indian Affairs and Northern Development Minister Ron Irwin.

Canada

- 2 -

"This book celebrates and praises the efforts of young writers from every corner of Canada who told us about their heroes," said Jo-ann Archibald, President of Mokakit and Director of the First Nations House of Learning at the University of British Columbia. "Our hearts were touched by their beautiful stories."

Mr. Watson told the young authors: "*Courageous Spirits* shows us that heroes are not only born of myths and legends. They are our mothers, our fathers, our peers, and our elders. The students themselves are heroes, in a sense, for providing children across Canada with role models they can look up to, and for helping us to recognize the potential we have within ourselves to realize our dreams."

## NATIVE ACCESS PROGRAM FOR ENGINEERING at LAKEHEAD UNIVERSITY

The School of Engineering at Lakehead University is proud to be able to offer the Native People of Ontario an access program (NAPE) which prepares Native students for the study of engineering.

NAPE was designed by the Native Peoples and the School of Engineering.

### The Program Provides...

- pre-university academic preparation in Mathematics, Sciences, Computers and Communications.
- an academic, social, and cultural support system throughout the student's entire program of study.
- the courses in study and life skills necessary to be a successful student.
- an opportunity to become a Chemical, Civil, Electrical or Mechanical Engineering Technologist and Engineer.

### The Program...

- was designed for the Aboriginal Peoples of the Province of Ontario who for whatever reason do not have the necessary academic background to enter an engineering program directly.
- needs mature, dedicated, hard working students; women are encouraged to apply.
- begins in mid-July, 1994.

Applications will be accepted until April 15, 1994.

For full information and application forms contact:

Native Access Program for Engineering  
Lakehead University, Thunder Bay, ON, P7B 5E1

by phone: (807) 346-7712 or (807) 343-8399  
or fax: (807) 343-8013

**KOLUMBIA** Sunday Wind Up Dance: Steelworker Hall, Frood Road

**Make Your Plans Early! See You There!!**  
Craft Dealers are Welcome (Must make early arrangements)

PARSON

PERSON

CHRISTMAS is getting so materialistic these days. Of course all the events on our calendar seem to be the stores occasions to jump for joy because it represents a time where people will spend.

I was walking through Quinte Mall January 3 and noticed the Christmas decorations coming down, and Valentines decorations going up. And as we get older we too can be just like those stores. We can flip flop through the calendar, change our outfits, our smiles, our house decorations, and become just like another proverbial chameleon that changes its skin to match the surroundings.

How I long to see us get back to those times when a date that is marked on our calendars means something special. I believe that for our families, CHRISTMAS should be so meaningful to us. Stores close, factories close, offices take breaks, everything seems to come to a standstill. AND THANK GOD IT DOES! We need at least one holiday in the year, when families can get together as a family.

Many in our world today, are trying to take the CHRIST out of CHRISTmas. Numerous companies, office buildings, stores, etc. are no longer displaying the words...MERRY CHRISTMAS, but substitute it with such sayings as; SEASONS GREETINGS, BEST OF THE NEW YEAR, FESTIVE SEASON, HOLIDAY TIME, JOYOUS OCCASION, GOODTIME GATHERINGS, FESTAL BREAK, HAPPY HOLIDAY. Maybe one of these days we will have it removed altogether. Maybe one of these days some will object to stores being closed on December 25th. Maybe one of these days, schools will not close over these holidays. Maybe, Maybe, Maybe.

Perhaps some reading this column are satisfied to remove all traces of Christ from our Christmas. Perhaps you will be overjoyed to have Christ totally gone. No longer will His Name be mentioned. No longer any Star of Bethlehem. No longer any shepherds, animals, no wise men. AND NO MANGER! AND NO SON OF GOD!

We must start to get back to what life really means. What this whole wide world is really all about. About the ONE, who put it all together. And that includes you and I.

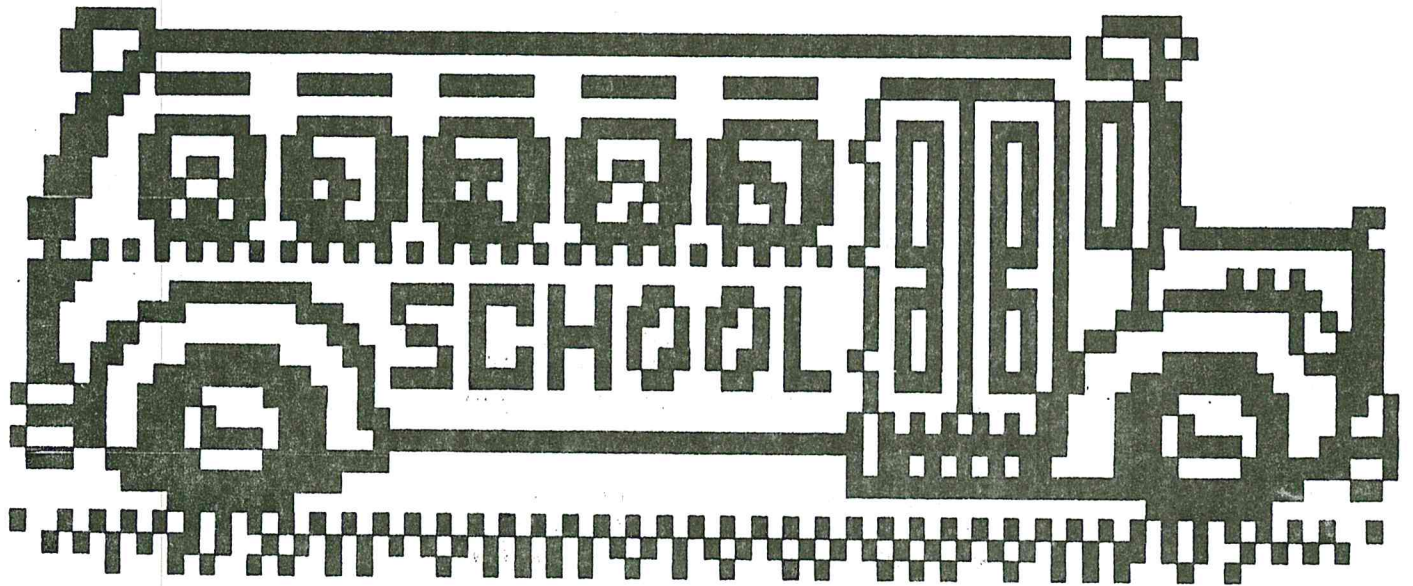

I encourage each person to take 1994, and determine to make next December 25th, a truly MERRY CHRISTMAS! And may we not be the generation to be responsible for taking CHRIST out of CHRISTmas.

Rev. Russell G. Bates

# Protect-Water Services Inc.

**JIM PORTER PLUMBING • 354-6080**

In our province, water is often hard to come by - and just plain hard. That's why it's important to treat it right. Properly treated water will repay you - not just in its purity and softness, but in hard cash savings too. Hard water can be expensive. It makes your clothes dull and grey, and they wear faster. It means you use more soap and waste more water. Corrosion destroys pipes and shortens the life of fixtures and appliances.

Your family deserves the security of a clean healthful supply of safe drinking water.

**PROTECT-WATER SERVICES INC.** is a local concern owned and operated by **JIM PORTER**. They specialize in Chemical Free Iron and Sulphur filters, Ultra violet purification systems, Reverse Osmosis and distiller for high quality drinking water, water softeners, Duro and Red Jacket well pumps and pressure systems and plumbing problem repair service.

**PROTECT-WATER SERVICES INC.** services have proven to be a saving not a cost factor and is one of the best investments that any homeowners, business, farm or industry can have installed in their establishment. They offer a wide range of products to improve your waters quality.

Call the above phone number or stop into the Napanee Mall and see some of their products on display.

When it comes to the best in service, plumbing, and sales of water treatment systems in the area, look no further than **PROTECT-WATER SERVICES INC.**

# COMING SOON!!!

MCMURTER HOME CENTRE

Material Survey

=====

Attention Contractors and General Public,

We, Jim and Kelly McMurter, are pleased to announce that we are opening a Home Centre in the spring of 1994. We will be servicing our community and the surrounding area, with Lumber and Hardware necessary for new construction and home renovations.

In order to stock the supplies you need and want in our store, we are doing a survey to be able to better service your needs.

On the back side of this page, there is a list of questions that will help us determine what stock we should be stocking in our new store. Any question that you do not want to answer, please just skip over and continue on with the following questions.

Please drop your questionnaire off at our shop at your earliest convenience. We are still located on the corner of Hwy. 49 and the York Rd. Our new location will be just south of York Rd. on Hwy. 49. Drive by and see our new sign!

Watch for our Logo Contest coming in the next issue of the newsletter!

We will be happy to answer any questions you want to know about the Home Centre.

JIM and KELLY MCMURTER
