### SAFETY TIPS FOR CYCLISTS

#### DO'S

- DRIVE YOUR BIKE IN THE SAME DIRECTION AS TRAFFIC, ON THE RIGHT-HAND SIDE OF THE ROAD, SINGLE FILE.
- USE THE CORRECT HAND SIGNALS WHEN YOU WANT TO TURN, SLOW DOWN OR STOP
- OBEY ALL TRAFFIC RULES, SIGNS AND LIGHTS.
- KEEP BOTH HANDS ON THE HANDLEBAR, EXCEPT WHEN YOU ARE SIGNALLING.
- WALK YOUR BIKE ACROSS BUSY INTERSECTIONS.
- WEAR LIGHT-COLOURED OR REFLECTIVE CLOTHING AT NIGHT, AND MAKE SURE YOUR BIKE HAS THE CORRECT SAFETY EQUIPMENT.
- STOP AND LOOK LEFT, THEN RIGHT THEN LEFT AGAIN BEFORE ENTERING TRAFFIC FROM A DRIVEWAY OR LANE.
- WATCH FOR ROAD OBSTACLES LIKE SEWER GRATES, BUMPS OR POTHOLES.
- RECORD YOUR BIKE'S COMPLETE DESCRIPTION AND EVEN HAVE IT ENGRAVED. THIS MAKES THE BIKE EASIER TO IDENTIFY IF IT GETS STOLEN.
- CAREFULLY LOCK YOUR BIKE TO A SOLID OBJECT.
- ARE VERY CAREFUL OF PARKED CARS, BECAUSE THE DRIVERS COULD SUDDENLY OPEN THEIR DOORS IN YOUR PATH.

#### DONT'S

- RIDE TWO ON A BIKE.
- RACE WITH EACH OTHER, WITH CARS, TRUCKS OR BUSES.
- ATTACH CARS OR ANY OBJECTS TO YOUR BIKE
- HITCH RIDES BEHIND OTHER VEHICLES: BIKES, CARS OR TRUCKS.
- WEAVE IN AND OUT OF TRAFFIC.
- PERFORM STUNTS.
- CARRY PARCELS IN YOUR HANDS WHILE DRIVING YOUR BIKE.
- WEAR HEADPHONES OR LISTEN TO PORTABLE STEREOS WHEN DRIVING YOUR BIKE.
- RIDE YOUR BIKE ON THE SIDEWALK UNLESS DESIGNATED BY THE CITY AS AN OFFICIAL BICYCLE PATH.

#### ADVICE

## Takes little time to die behind the wheel

*Statistics unearth scary facts about cars*

**Idem:** — I work for a group of attorneys whose specialty is personal injury and motor vehicle accident litigation. I've read and seen some terrible things in this business, and I am now an extremely cautious driver.

Will you please print the enclosed? I don't know who wrote it, but it certainly made an impression on me. Maybe seeing it will wake up some of those speeding, drunk or drugged drivers. — Legal Secretary

**Dear Legal** — The essay you sent appeared in my column several years ago, but I am pleased to run it again. People have a tendency to forget the unpleasant stuff. Here it is: Heaven Can Wait

It takes 7/10ths of a second to kill a person in an automobile crash. Studies at Yale and Cornell universities provided a dramatic split-second chronology of what happens when a car rams into a tree at 55 mph.

At 1/10th of a second, the front bumper and grille collapse.

At 2/10ths of a second, the hood crumbles, rises and smashes into the windshield, and the grillwork disintegrates.

At 3/10ths of a second, the driver is sprung upright from his seat, his broken knees pressed against the dashboard and the steering wheel bends under his grip.

At 4/10ths of a second, the front of his car is destroyed and dead still, but the rear end is still plunging forward at 55 mph. The half-ton motor crushes into the tree.

At 5/10ths of a second, the driver's fear-frozen hands bend the steering column into an almost vertical position, and he is impaled on the steering wheel shaft. Jagged steel punctures his lungs and arteries.

At 6/10ths of a second, the impact rips the shoes off his feet.

**Advice column**

The chassis bends in the middle, and the driver's head is slammed into the windshield. The car's rear begins its downward fall as its spinning wheels churn into the ground.

At 7/10ths of a second, the entire body of the car is twisted grotesquely out of shape. In one final agonizing convulsion, the front seat rams forward, pinning the driver against the steering shaft. Blood spurts from his mouth. Shock has frozen his heart. But he doesn't mind because he is already dead.

CONTINUATION OF STORY FROM ISSUE 4/97

"I had a great time at your uncle Mikes birthday party; your Auntie Ruth can sure cook a great meal." "Thanks. I had a great time too" Sally said nervously playing with her hands. Rick moved a little closer to Sally, and softly touched her arm, he smiled shyly at her and asked her if he could tell her something without her laughing. "Of course," Sally replied. "Well, I have to tell you that ever since the party I can't seem to get you off my mind. I know it sounds crazy but I don't know, there was just something about you that seemed so, so, I don't know. It was like a connection. Does that sound stupid? It does; doesn't it?" "It doesn't sound stupid at all. I have to admit that I've been thinking a lot about you too! I never thought I'd see you again." "Are you glad you did?" Rick asked as he stared at her intently. Just as Sally was about to answer, Joshua came running up to them out of breath pulling at his mom's arm, "Mom you have to come now, we're starting to dance in about 2 minutes." Sally and Rick looked at each other and started to laugh. As they followed Joshua to the stage, Rick took Sally's hand. Sally took a deep breath and thought to herself wow, Rick seems so wonderful, I think I could really fall for this guy. I just hope I'm not being foolish.

As the fair drew to a end and people started to go home, Sally turned to Rick and said, "I had a great day but I have to get Joshua home now." "You've got to be joking. It's still early." "Yes, but Joshua has had a long day and he's tired, I really should take him home." "Well, I guess mom knows best. Can I at least have your number. I'd really like to see you again." "I'd like that too," Sally said feeling herself start to blush a little. Sally and Joshua starting walking to their car laughing and talking about their day, when Sally was grabbed suddenly by her arm, as she turned startled she

What is Active Living!

MAY 1997

### It's Rediscovering the Joy of Movement!

If you were never hooked by the fitness craze, you may be pleased to learn that recent research has shown that living actively and enjoying moderate amounts of physical activity can mean significant benefits for your health and well-being.

Active living is a way of life "in which physical activity is an important part of daily living".

Active living is a return to basics: playing in the park, walking the dog, dancing, gardening, cycling to the store. It invites everyone to be involved, not just the young and fit.

Active living focuses on moderate, everyday activities like walking and yard work, as well as sports and leisure pursuits, such as lacrosse and canoeing.

Active living encourages individuals to decide the nature and type of activity they want to do. You can choose from a range of activities - from gardening to competitive running.

Active living recognizes that activity involves the whole person: body, mind, spirit and emotions.

Active living is a kinder, gentler way to be active that stresses total well-being.

### Active Living is For Everyone

Active living means making physical activity an important part of your everyday life. It means making choices that feel right to you - that put activity into your life and allow you to enjoy good times with family and friends.

### Active Living Is For Everyone

Active living is for everyone. It is culturally appropriate, wholistic in that it has positive effects on the body, mind spirit and emotions, and another bonus is, it will give you the energy you need to enjoy life.

Whether you are older, younger, pregnant, disabled or chubby, all can achieve benefits from being active. Many people think they have to "sweat it out" or "go for the burn" to get the benefits of physical activity, but new research is showing that all types of activity, at all levels of participation, for all possible reasons and for all levels of ability are beneficial.

### Ideas For Active Living At Home

Try using music while you dust, vacuum, scrub, wash windows - do stretches while you watch TV etc.

Historically speaking our culture and way of life dictated that we be active just for the basic necessities of life as well as for social

and sacred ceremonies where the whole community was active together. We need to get back to that "doing things together with family and friends" attitude or perhaps even as a community. This could be a part of our vision for the next seven generations.

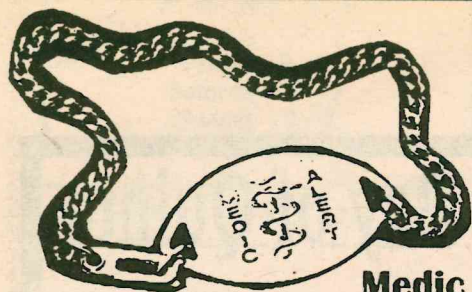

### Ideas For Active Living at Work

Deliver messages by hand instead of phoning or e-mailing. - At lunchtime, take a walk. Stretch your back, shoulders, arms and hips during your break, never mind what your co-workers might say, Tell them you're setting a new healthy trend. - March on the spot or wiggle your toes while sitting at your desk, if anyone asks, just say you joined the Moccasin Trail Walking Program and your trying to get your miles in.

Some ideas and information from Active Living, Health Canada.

### Medic Alert Awareness

A representative from Gray's IDA Drug Store in Deseronto will be presenting Medic Alert information at the Elder's Lodge on May 28, 1997 at 12:30 p.m.

Time will allotted to answer any questions and to help with filling out necessary forms.

Please plan on attending.

### Hearing Awareness

Janet from the Canadian Hearing Society will be available for testing and information awareness at the Elder's Lodge, on May 15 starting at 10 a.m.

Come on out and have your hearing tested

### Cancer Info

With April being Cancer Month, the CHRs have been extremely busy attempting to contact community women over 50 for the annual Breast Screening Program. This particular program was started 4 years ago with participants being driven to the Ontario Breast Screening Clinic in Kingston. We are now taking the women to the Belleville Clinic and to date, approximately 65 are participating in this program. We have found that the support of the CHRs and other women help make this experience a more positive one.

The CHRs have also done Breast Self Examination presentations to Elders and grade seven and eight girls at the Quinte Mohawk School. We hope that by openly discussing this very personal issue with females from all age groups, that we can dispell some of the fear and shame regarding our bodies.

While cancer, especially breast cancer is not a pleasant subject to discuss, studies have shown that one in ten women will develop breat cancer in their lifetime. Early detection is crucial in surviving this deadly disease.

If we have missed anyone, and you are interested in having a mamogram, please contact the CHR program at the Thayendanega Health Centre (967-3603).

## Executive Director - Ontario

The Board of the Ontario Chapter of the Canadian Council for Aboriginal Business is seeking an Executive Director to be part of the organization's future. Through creative development and delivery of new initiatives and services, the Executive Director will expand and improve relationships between the Aboriginal and non-Aboriginal business communities.

#### **The Organization:**

The Ontario Chapter is a new affiliate of the national Canadian Council for Aboriginal Business (CCAB), a non-profit charitable organization.

#### **The Future:**

The Ontario Chapter is working to enhance a climate of mutual respect, understanding and cooperation by building bridges and forming business partnerships among Aboriginals and non-Aboriginals.

The CCAB has focused on placing Aboriginal youth into business through its internship programs, providing valuable work experience. The expansion of that service and the introduction of new initiatives which benefit the Aboriginal and business communities is the focus of the Ontario Chapter's future direction.

#### **The Skills:**

A commitment to entrepreneurial education is required combined with post-secondary qualifications, or equivalent, and business or non-profit sector management and leadership, marketing, community relations, band or account management, small business or project management experience. Experience working with Aboriginal business and within Aboriginal communities is essential.

#### **The Job:**

As Executive Director you will be accountable to a Board of Aboriginal and business leaders for the day-to-day administration and supervision of the office operation including

the financial requirements, membership and Board relations, planning, community and business relationship development and reporting. Working with the Board you will deliver programs and be involved with fundraising, membership drives and new initiative development driven by the needs of the Aboriginal communities and business. These initiatives may include cross-cultural services, professional development services, employment equity counselling, networking and Aboriginal market access as well as internship placements.

#### **The Candidate:**

The successful candidate will be a creative, self-directed communicator with marketing and relationship-building skills. You must have existing contacts in the Aboriginal and business communities and a strong ability to develop new contacts. You must be capable of listening to diverse views and seeking consensus while remaining focused on setting priorities and direction and coordinating resources to achieve these goals. A contagious and passionate commitment to the benefits of Aboriginal and business relationship building is essential.

#### **Mail or Fax your resume to:**

Ontario Chapter  
Canadian Council for Aboriginal Business  
204A St. George St.  
Toronto, Ontario M5R 2N5  
Attention: Selection Committee of the Board  
Fax: (416) 961-3995

Closing Date: Friday May 9th  
Only those selected for an interview  
will be contacted.

### Congratulations *Danny!*

The Family of Iva Brant and the late Ross Brant would like to congratulate Danny on successfully completing his Curriculum Development Project for the Aboriginal Teacher Education Program at Queen's University.

Danny has put forth a tremendous effort in obtaining this certificate and we would like to let him know just how proud we are of him for obtaining such a rewarding achievement. Danny has been asked to display his project in the library at Queen's University as an incentive for other aboriginal students.

Way to go **Huck!** (THE DOCTOR) We knew you could do it and you showed us you could. Keep up the Good Work!

Love Mom,  
Your Brothers & Sisters & their families

### MEMBERSHIP 100-CLUB

Members of the community are invited to join the Membership 100-Club. This is a project being sponsored by the Learning Centre to raise funds to purchase some outside play equipment for the children in the Mohawk Language Immersion Program.

The 100-Club will be run for the months of May and June. At a cost of \$10.00 per month, participants can purchase a number between 1 and 100. With the sale of 100 numbers, a potential \$1,000 will be raised. If we sell more than 100 numbers more monies will be raised. On May 31 and June 30 draws will be made and the winning number each month will receive  $\frac{1}{2}$  of the funds raised - a possible \$500.00 (or more) each month!

-YOUR PARTICIPATION IS GREATLY APPRECIATED-

If you want to reserve your lucky number, call Cherylann Brant at 969-6393 during the day, or 396-6786 after 6:00 p.m.

### PRESS RELEASE

**CANADIAN ABORIGINAL FESTIVAL  
(TORONTO INTERNATIONAL POW WOW)**

The Canadian Aboriginal Festival, featuring the Toronto International Pow Wow, at the Skydome in Toronto, will be held this year November 29th and 30th.

The change to the fall date was made for a number of reasons. The Skydome, our venue of choice, was not available on dates in the spring which we felt would be best for all concerned. It was decided November would be much better than late spring or early summer.

By staging our event in November, our numerous vendors will be able to take advantage of the Christmas shopping season, it is a better use of the indoor venue, and to our knowledge we would not be competing with other large First Nations events.

The change of name was decided to better describe the event. This year our event will feature, the Pow Wow, theatre, literary readings, film/video, contemporary music, teaching circle, tourism destinations, etc..

For more information please call Indian Art-I-Crafts of Ontario at 1-519-751-0040 or fax us at 1-519-751-2790.

Paramount Canada's Wonderland will be the site of a celebration of this year's Aboriginal Day, June 21st.

Wonderland will again become "Indian Territory" and in addition to the many rides and activities of the park we will feature two stage performances featuring First Nations talent.

Organizations across Canada have been requested to send representatives from each of their areas to compete in a national Showcase of Young, Up and Coming performing artists. The young performers will perform on the International Showplace Stage (seating 6,000) with top name First Nations talent featured in an evening concert in the Kingwood Theatre (seating 16,000).

For more information please call Indian Art-I-Crafts of Ontario at 1-519-751-0040 or fax us at 519-751-2790.

### What is It?

A gentle exercise from Ancient China made up of a series of 108 moves done in sequence flowing from one move to the next to complete a "Set". Each set takes approximately 15 minutes.

### Why Do It?

The moves are designed to encourage each part of your body to engage in a full range of motion in a relaxed fashion. It improves circulation, strengthens back muscles, teaches balance, generally improves health and is another social activity for each of us.

### Who can do it?

Anyone! Male or Female, Senior or Junior.

**FORM-A-DRAIN®**

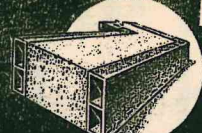

A complete  
permanently-installed  
system that forms  
footings, drains  
foundations, and  
provides a sub-slab  
perimeter radon  
evacuation system

AN EVOLUTION IN FOOTING  
CONSTRUCTION, DRAINAGE,  
AND RADON EVACUATION

CertainTeed has designed and developed  
FORM-A-DRAIN, a patented, complete,  
permanently installed combination footing form  
system, foundation drainage system, and radon  
removal system.

FORM-A-DRAIN modernizes conventional  
methods of forming footings, improves practices  
of installing foundation drainage, and provides a  
sub-slab perimeter radon evacuation system, all in  
one product.

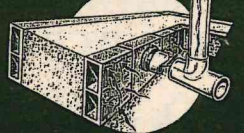

FORM-A-DRAIN is the subject of BOCA Research  
Report #94-19 dated 1994.

VENTS RADON

**HOW THE FORM-A-DRAIN  
SYSTEM WORKS**

The FORM-A-DRAIN system consists of lineal form  
sections installed as the foundation footing forms.  
Upon completion of the concrete pour, the system  
stays permanently in place and performs the function  
of a foundation drainage system. It is also an effective  
method of reducing radon, since it is a sub-slab  
perimeter system that forms a complete loop around  
the foundation.
