CATERING SERVICES

The First Nations Technical Institute will be offering a series of short (two to three days per week) computer seminars to staff from Bands in the Ontario Region and Department of Indian Affairs. These courses will be offered from mid-October until mid-December.

Approximately 15-20 students will be attending each course and will require reasonably-priced, nutritious noon lunches. We do not have the facilities for food preparation and would be prepared to contract this service.

An elaborate meal is not required--items such as salads, soup, and sandwiches would be preferred.

Individuals or groups interested in providing these services should contact:

Mr. Bruce Millar, President  
First Nations Technical Institute  
c/o Band Office
