Re: Highway 49 Part A: Bay of Quinte Skyway Bridge; and Part B: Intersection of Highway 49 and Old Highway 2
MTO Contract 2017-4047
Public Notification – **Full Mainline Night Closures**

To Whom It May Concern,

This letter is to notify you that there will be a **Full Mainline Night Closure** of Highway 49 at the Bay of Quinte Skyway Bridge from **9:00 PM on Tuesday, January 3, 2023 to 6:00 AM on Wednesday, January 4, 2023**. This closure is intended for the epoxy injection of the South Abutment Expansion Joint, which requires a full closure to complete the work across the entire width of the bridge.

In addition, a **Full Mainline Night Closure** is also scheduled from **9:00 PM on Thursday, January 5, 2023 to 6:00 AM on Friday, January 6, 2023**. This closure is intended for the implementation of Stage 3A configuration for Segment E work, which will consist of relocating temporary concrete barriers, temporary energy attenuators, placing temporary pavement markings, and flipping traffic to the west side of the bridge.

During these time periods the highway will be closed, and no traffic will be permitted to pass over the bridge. Please refer to the following website for the Glenora Ferry as an alternative route:
<http://www.mto.gov.on.ca/english/ontario-511/ferries.shtml>.

Emergency Services are kindly requested to follow the protocol outlined with Aecon should they be required to cross the bridge during these times.

We apologize for any inconvenience this work may cause and appreciate your understanding.

The Contract Administration for the project is McIntosh Perry Consulting Engineers. Further inquiries can be forwarded to Communication Liaison Nancy Gourlay at 613-396-3424 ext.152 or the Contract Administrator Andy Wallace, who can be reached at 289-813-7201.
