

REQUEST FOR FEEDBACK – BAY OF QUINTE

The Canadian Coast Guard Aids to Navigation Program is conducting a review of the aids to navigation in the Bay of Quinte & Adolphus Reach to ensure that we are continuing to meet our Level of Service requirements for this area.

In order to gather information on waterway usage and feedback on the aids to navigation present we invite individuals who are familiar with this waterway to complete a short survey.

If you are interested in participating in this process you may access the survey using either the QR Code or the weblink provided below.
