

# ON DECEMBER 2ND

## VOTE for KURTIS “CHIP” BRANT

Hello, my name is Kurtis Brant (Chip). I was born and raised here on the Tyendinaga Mohawk Territory, and I have enjoyed raising my children here. I am a husband, and father to 4 children and grandfather to 2 grand children. My parents are the late Bill & Norma Brant. My grandparents are the late Cameron and Helen Brant, and the late Percy and Eileen Green. I was a member of the Mohawk Fire department for 30 years. I currently sit on the Recreation committee and I am also the Vice President of the Kente Horseshoe League here on the territory.

As a resident here all my life, I believe that I can contribute positively to our Community.

Here are some of the changes that we should focus on:

- Infrastructure and Economic Development

Creating our own source revenue by building attractions like a cultural museum, and build a grocery store which would provide employment and help our members shop local. Develop a revenue plan for the golf course that will benefit the Community.

- Recreation, Education and Language Revitalization

We need to create more opportunities for our youth and our elders to participate in healthy activities and organized sports by building facilities like a gymnasium with a pool and indoor walking track. We need to keep our Mohawk Language alive by supporting the current initiatives and creating new ones, as a Community. We need to offer more opportunities for those who want to be educated by ensuring that our current funding system for Education actually supports the needs of Community members.

- Community Development

Our Community is progressive and offers many great opportunities. We should focus on finding additional funding for new programs and current programs that help support our elders, children, youth, and our families in need.

We need to be transparent to the community about everything and have consultation with our community. No Secrets!!
