Tyendinaga, as part of the Mohawk Nation, is a healthy, sustainable Kanyen'kehá:ka community, built on and united by our language, culture, traditions, knowledge, and history. We exercise our rights and responsibilities for the protection of and respect for our people, our land, our resources, and the environment.

NOTICES:

ATTENTION MORTGAGE HOLDERS: It has come to our attention that many insurance companies will ONLY notify the MOHAWKS OF THE BAY OF QUINTE if your existing house insurance policy has been cancelled however will NOT when the policy has been renewed. This creates a problem when incentives, rewrites and renovations are requested. You will not qualify if your house insurance policy on file is not up to date. In order to ensure your policy is current, we ask that you mail, fax or deliver renewal form when received.

COVID-19 & VACCINE INFO: Rapid tests are available for pickup from the Community Wellbeing Centre Monday through Friday, 9 a.m. to 4 p.m.. To inquire about PCR testing, please call 613-967-3603. For most up to date information on COVID-19, please visit our Facebook page or website at mbq-tmt.org/health/covid-19-updates

TYENDINAGA MOHAWK COUNCIL MINUTES
OCTOBER 5, 2023

A meeting of the Tyendinaga Mohawk Council was held on Thursday, October 5, 2023 at 10:40 a.m. in the Council Chambers.

Present: Chief R. Donald Maracle

Councillors: Stacia L. Loft, Carl E. (Ted) Maracle and Chris Maracle

Regrets: Josh Hill

Staff: David Souliere, CAO, joined by Teams; Angela Maracle, Senior Director of Operations; Shelley Bowden, Executive Administrative Assistant and Recording Secretary to Council; Amsey Maracle, Executive Assistant to the Chief;

Chief Maracle opened the meeting with the Ohenton Karihwatehkwen and also provided the Lord's Prayer in Kanyen'keha and in English.

MOTION #1: Moved by Carl E. (Ted) Maracle, seconded by Stacia L. Loft to adopt the agenda with additions.
Carried.

MOTION #2: Moved by Chris Maracle, seconded by Stacia L. Loft that the Tyendinaga Mohawk Council Regular Business Minutes of September 27, 2023 be approved.
Carried.

MOTION #3: Moved by Chris Maracle, seconded by Carl E. (Ted) Maracle to approve travel outside the Territory;
Chief: attending the Independent Electricity System Operator (IESO) Symposium on November 6-7, 2023 in Toronto; attending the Indigenous Services Canada (ISC) Joint Gathering on November 15-16, 2023 in Toronto; attending the Chiefs of Ontario (COO) fall Chiefs Assembly on November 21-23 in Toronto;
Chief and Stacia: attending the Iroquois Caucus meeting on November 29-30, 2023 in Ottawa;
Carried.

MOTION #4: Moved by Chris Maracle, seconded by Carl E. (Ted) Maracle to approve the request from the Association and Iroquois and Allied Indians for Councillor Stacia L. Loft to serve as a portfolio holder for the Chiefs of Ontario Education and Justice Portfolios until the end of the Council term and will be reviewed by the new elected Council.
Carried.

MOTION #5: Moved by Chris Maracle, seconded by Stacia L. Loft to approve the creation of a Housing Financial Analyst position to the MBQ organizational structure as a permanent full-time position.

Historical Council Minutes

The following are transcriptions of the earliest recorded elected council meetings of the Mohawks of the Bay of Quinte. These minutes are from meetings of the Chiefs in Council, and from the general council meetings that involved the whole community. The meetings were irregular, and in some cases they were adjourned until the Chiefs were notified to return.

Note: The council minutes reprinted here have been modified (in format only ie; spelling corrected, punctuation adjusted, lines adjusted, put in chronological order) for the ease of reading.

MOHAWKS OF THE BAY OF QUINTE

Notice of Project

York Road Rehabilitation Phase 3

The portion of York Road between Wyman Road and Highway 49, along with the Sucker Creek Bridge, has fallen into a state of disrepair over the past few years. Since DMAF Water Main Construction has been completed along this section, with each home being connected to clean drinking water, TMC has authorized the final section of the York Road rehabilitation. Construction of Phase 3 will be completed by The Fidelity Group Inc.. Work began November 8th and will continue through the Fall of 2023 to June 2024. Weather and other unexpected delays may extend the project completion date.

York Road Rehabilitation Phase 3 includes:

- Cross road culvert installations
- Sucker Creek Structural rehabilitation
- Road Widening
- Repaving

These upgrades will provide safer travel conditions on our roads and bridges for our community. We ask that drivers please obey all construction traffic laws, follow instructions from construction traffic flaggers and pay attention to all workers, equipment and residents to ensure everyone makes it home safely at the end of the work day. You are being encouraged to find an alternate route when possible to limit how often you are passing through this construction zone. Construction will be limited to normal working hours on weekdays only, to minimize disruptions to the community.

Facts Indigenous Visitors Need to Know Before Visiting the USA or travelling outside of Canada

If you have friends and family travelling outside of Canada for any reason or any length of time, you should understand the following facts before visiting the United States of America (USA).

1. Medical Costs are Very Expensive

The USA and Canada have the highest costs for medical care around the globe. A single trip to the emergency room for a few stitches and some antibiotics can cost hundreds of dollars. Foreign visitors without travel health insurance will have to pay out of pocket for their medical treatment. While there are a few welfare hospitals worldwide, most have gone bankrupt and those who remain have very long wait times for non-emergency treatment so you cannot expect to get prompt, top-notch treatment if you do not have travel health insurance.

2. Foreign Visitors do not Receive Free Medical Care

The global health care system is not 'free healthcare' – not for visitors of a foreign country. This can be the most confusing fact of all for those coming from countries where healthcare is free (or, more accurately, paid for by taxes). Further, foreign visitors on short-term visas as tourists, i.e., not students or temporary foreign workers, do not have access to buy their own health insurance from the healthcare marketplaces in the country they are visiting.

3. Emergency Room Visits are Not Free Either

Even if your treatment is considered an emergency, the hospital will expect payment for treatment costs, including surgeries, medicines, medical supplies, ambulance transportation, and anything else used to treat you and make you well again. If you are a foreigner and need emergency medical treatment, it's likely that you will be transported to a welfare-based hospital soon after they discover you have no insurance.

4. Students and Temporary Foreign Workers are not exempt

Foreign students and temporary foreign workers are not exempt from the Affordable Care Act requirements to obtain qualified health insurance. If you are a student studying abroad or a foreign worker, you will have to get health insurance in the host country either through the university or through your employer. If neither, your university or employer can provide you access to health insurance you can buy. You'll need to log in to the country's health care site, choose your location, and start researching a plan you can buy. You should have travel health insurance prior to leaving to cover the trip from your homeland to foreign destination and ensure coverage is valid for the period of time it takes you to buy and receive health insurance out of country. If you are hospitalized for dehydration due to a flu bug you picked up soon after arrival, for example, and you do not have travel health insurance and your health insurance is not yet in effect, you will be paying for your medical treatment on your own. An overnight stay in the hospital can run into the thousands of dollars (USD); medical treatment for a car accident can bankrupt an individual from which they may never financially recover.

5. An Evacuation Out of May Be Necessary

Little known fact: emergency medical evacuations are not usually covered under any USA based health insurance plan. No kidding! If you're a foreign visitor, however, getting an evacuation back to your home country where you can be with family and friends and back in your own health care system is sometimes the only way to control costs if you have an accident in the host country. Most travel health insurance plans have coverage for evacuations back to your home country. The cost of an evacuation depends largely on how far you have to travel, so an evacuation from the USA to Canada will cost a lot less than one to Australia but you get the idea. Get coverage for at least \$100,000 - \$300,000 and you should be fine.

6. Pre-existing Conditions May Cause You Trouble

While the Affordable Care Act addresses pre-existing conditions for those living in or citizens of the USA, this is not true for other foreign countries, many travelers are surprised when a travel insurance provider denies their claims due to a pre-existing medical condition. In some cases, the condition is one that the traveler didn't even recognize as a medical condition that could disqualify their coverage. This is especially true of conditions that:

- a doctor diagnosed but did not explain to you
- are controlled by medication you take regularly
- have not yet been diagnosed but symptoms were treated

Travel Insurance is about more than Travel Medical

While having travel medical protection covers the biggest concern that foreign visitors have when going outside of Canada, travel insurance is about travel medical. There are many other travel disasters that can affect your trip outside of Canada and cause you to incur unexpected costs.

- Trip cancellation and interruption coverage can protect you from big losses if you have to cancel your trip or end it early and return home. There are also different kinds of cancellation coverage to cover specialized instances, including having to cancel for work reasons or cancelling for any reason at all.
- Baggage loss and delay protection means you'll have some – not a lot, but some – reimbursement for lost or stolen bags no matter where you are on your trip.
- Coverage for missed connections (when you miss a cruise departure, for example) and travel delays (when they cancel all flights due to a hurricane or blizzard, for example).
- Package travel insurance plans combine lots of benefits into a full-featured plan that gives a foreign visitor to a foreign location a lot of protection. See a local travel agent/guide for more details on coverage options you can choose for your visit to your selected travel destination.
- Travel insurance can be purchased in a variety of ways – at your personal financial institution, local travel agencies and on-line just to name a few options. If you are a valid credit card holder, you may want to check with your card provider as many credit cards may already cover you for different types of travel. If they do, make sure that you understand the specific policy criteria, length of time and conditions as it may differ depending on where and when you travel and your travel reason.

Respiratory Illness FACTS

WHAT ARE RESPIRATORY ILLNESSES?

In Ontario, during the fall and winter there is more spread of respiratory viruses like influenza and respiratory syncytial virus (RSV), and continued spread of COVID-19

- Respiratory viruses affect the airways and lungs
- Respiratory viruses spread easily from person to person
- Most people have mild symptoms that get better in a few days but some people get very sick

Treatment

- Antiviral treatment for COVID-19 and influenza is recommended for those at high risk of severe illness (elders, babies, young children, pregnant people, immunocompromised people, etc.)
- Babies and young children with serious lung or heart disease or who were born premature may be eligible for preventative RSV treatment

PROTECT YOURSELF, YOUR FAMILY & COMMUNITY

- Watch for signs of illness and stay home if you are sick
- Wear a well-fitted medical mask or KN95 in crowded indoor settings
- Wash your hands often with soap and water or alcohol-based hand rub
- Keep high touch surfaces clean (door handles, light switches, phones, etc.)
- Avoid visiting to those who are sick
- Make sure you and your family are up to date with immunizations

Immunization

- Immunization is your best protection against respiratory illnesses
- All Ontarians, over 6 months of age should get their flu shot and COVID-19 booster
- RSV vaccine may available to those living in long-term care, elder care lodges, and retirement homes later in the respiratory illness season

Tired of getting letters from CRA saying you owe tax on your exempt pension funds?

Stressed mentally and financially by having your Supplement lowered by Service Canada?

Upset due to having to fight this battle repeatedly?

The time has come for the Federal Government to bring about the necessary change to fix these issues for you and every Indigenous person in Canada.

Please consider taking the few minutes required to sign Parliamentary Petition e-4564 to help try and bring about the necessary changes.

The petition is asking for the Federal Government to authorize changes in the following 3 ways:

- 1) Update T4RIF tax slips to show income as tax-exempt
- 2) Register tax-exempt Canada Pension Plan (CPP) contributions as exempt when contributed
- 3) Update T4A (P) tax slips for CPP retirement benefits to illustrate tax-exempt payments

These changes, if made, will at least reduce if not eliminate, the number of reassessments being completed each year on Indigenous individuals. For some households they may also increase the amount of other benefits received.

The time has come for a change, help us by voicing your support through signing Parliamentary Petition e-4564! There is no minimum age for signing, any Canadian can sign!

Instructions for Signing Parliamentary Petition e-4564

The petition is asking for the Federal Government to fix the following issues for Indigenous individuals with tax-exempt pension income in retirement:

- 1) Update T4RIF slips to avoid individuals having their tax returns reassessed, which often results in tax payable, Guaranteed Income Supplement (GIS) and other benefits and tax credits clawed-back
- 2) Have Canada Pension Plan (CPP) contributions on tax-exempt income registered as tax-exempt as contributions are submitted for Indigenous individuals
- 3) Update the T4A (P) for CPP retirement benefits to clarify tax-exempt CPP income to avoid taxation of tax-exempt funds

Because these issues have not yet been addressed and fixed, retired Indigenous individuals are constantly having their tax returns reassessed, being asked for taxes that are not owed, and having much-needed benefits clawed-backed.

To sign this petition, go to <https://petitions.ourcommons.ca/en/Petition/Sign/e-4564> or Google “e-4564 petition”. There is no minimum age to sign, so any Canadian citizen can sign this petition.

Review the petition and then below it, fill in:

First and last name

Email Address & Phone Number

Province and Postal Code

Check the 3 boxes below and click the SIGN button

You will then receive an email a short time later asking you to click the link to confirm that it was you who signed the petition. You have now signed the petition!

Thanks in advance for your time and effort, and we hope this will move the Federal Government and Ministry of Finance to make these necessary changes to benefit all Indigenous Communities across Canada.

If you have any questions or issues with the petition or signing of it, please feel free to contact us directly at the number below.

A little child, a shining star, a stable
rude, the door ajar. Yet in that place,
so crude, forlorn, the Hope of all the
world was born.
