## **OHAHASE EDUCATION CENTRE AND HOPE STUDENT & FAMILIES DINNER**

### **Second Semester Changes**

The staff at Ohahase Education Centre have been preparing for some very big up-coming changes for the second semester. These changes will affect the way Ohahase Education Centre operates day to day, the programs, and the delivery of the programs themselves.

These programming changes give us a unique opportunity to explore and to develop a strong academic partnership with the staff and students from the Haudenosaunee Opportunities for Personalized Education (HOPE) program.

We are so excited to share our up-coming changes with you, that we have decided to have a more formal gathering of our current stakeholders (students), with a dinner for you and your families. This dinner will give everyone a chance to listen to what changes are being adopted at Ohahase, as well as to learn how the students at the HOPE program might benefit from these program enhancements. Parents and students will have the opportunity to ask questions and raise concerns regarding our forthcoming plans and partnership between Ohahase and HOPE.

We hope you can join us for an evening of food and learning about the exciting changes about to happen within Ohahase Education Centre in the second semester and the possibilities that we have to augment the learning experiences for HOPE students by connecting these programs. We are very excited to share them with you.

**FREE Family  
Dinner**
