Re: Highway 49 Part A: Bay of Quinte Skyway Bridge; and Part B: Intersection of Highway 49 and Old Highway 2
MTO Contract 2017-4047
Public Notification – **Extended Full Closure**

To Whom It May Concern,

This letter is to notify you that there will be an **Extended Full Weekend Closure** of Highway 49 at the Bay of Quinte Skyway Bridge from **6:00 AM on Saturday, May 11, 2024 to 6:00 AM on Monday, May 13, 2024.**

In case of poor weather conditions, the closure may be re-scheduled to take place from 6:00 AM on Saturday, May 25, 2024 to 6:00 AM on Monday, May 27, 2024.

The closure is intended for the placement of concrete in the closure strip to connect the new decks together prior to final paving. Due to the high early strength concrete being used for this concrete placement, excessive vibrations need to be reduced until the concrete has reached the required strength for traffic to cross the bridge, which can take up to forty-eight hours.

During this time period, the highway will be closed, and no traffic will be permitted to pass over the bridge. Please refer to the following website for the Glenora Ferry as an alternative route: <http://www.mto.gov.on.ca/english/ontario-511/ferries.shtml>.

Emergency Services are kindly requested to follow the protocol outlined with GIP should they be required to cross the bridge during these times.

We apologize for any inconvenience this work may cause and appreciate your understanding.

The Contract Administration for the project is Egis. Further inquiries can be forwarded to Communication Liaison Nancy Gourlay at 613-396-3424 ext.152 or the Contract Administrator Andy Wallace, who can be reached at 289-813-7201.
