

MBQ Curbside RECYCLING Program

RECYCLE TO REDUCE YOUR GARBAGE!

MBQ Recycling Guidelines

YOUR RECYCLE MUST BE SORTED

- Cans and plastics in one bin
- Papers and Fibers in one bin

We accept anything with an RIC Symbol on it; check the bottom

- Cans and Plastics: Use a bin or clear bag
- Papers and Fibers: Use a separate bin or bundle and tie

Note, we send our sorted recycle to HGC Management Inc. where it is sent to various industries that actually reuse the material!

The curbside program has implemented a stickering process when there is an issue with your waste or recycle! It is your responsibility to check the sticker placed on your non-collected waste or recycle and correct the issue for the following week. Do not leave things curbside without having first corrected your mistake!

Oops...
There was an issue with your garbage or recycle today:

Bag not tagged Bag must have an MBQ bag tag. Please tag bag for next week.	Bag is too heavy Bag must not weigh more than 50lbs. Please split into multiple bags for next week.	Unacceptable waste/recycle Unacceptable items are not collected. Please remove unacceptable items for next week.	Recycle not sorted Recycle must be sorted correctly. Please sort recycle for next week.
