

Large Item Pick Up

Pickup will start May 11, 2026

The truck and crew will start in the EAST END and make their way to the WEST END over the course of the week

Please ensure **ALL** items are placed neatly at the end of your driveway by 7:00am, May 11th, 2026.
LATE ITEMS WILL NOT BE PICKED UP!

Please note, mattresses will be picked up separate from the rest of your large items, and may not be picked up at the same time as the rest of your pile.

Any unacceptable items placed at the end of your driveway will be recorded and subject to a fee billed to your household following pick up.

Please dispose of any unaccepted items at a licensed waste facility. Visit <https://mbq-tmt.org/community-infrastructure/waste-recycling/> to find what is accepted at the MBQ Waste Transfer Depot

Donating to or trading with other community members is encouraged!

Items that can fit in a garbage bag will not be collected. These are too time consuming for large item collectors. Use the regular garbage program for small items.

Unacceptable Items

Absolutely No

- Construction Waste
- Hazardous Waste
- Yard Waste
