NOTICES:

ATTENTION MORTGAGE HOLDERS: Many insurance companies will ONLY notify the MOHAWKS OF THE BAY OF QUINTE if your existing house insurance policy has been cancelled however will NOT notify us when the policy has been renewed. This creates a problem when incentives, rewrites and renovations are requested. You will not qualify if your house insurance policy on file is not up-to-date. In order to ensure your policy is current, we ask that you e-mail (preferred), mail, fax or deliver policy renewals once you've received them.

The First Nation agrees that the record of inspection and record of compliance to the NBC standards and other applicable code standards will be kept on file by the First Nation for the life of the Ministerial Loan Guarantee.
6. The project will comply with the Yukon Environmental and Socio-Economic Assessment Act (YESAA) or the Impact Assessment Act, and the First Nation acknowledges that the Minister will make a determination of environmental effects, pursuant to section 67 of Impact Assessment Act, as applicable, for projects not requiring a federal environmental assessment, as per the departmental Environmental Review Process.

14. In respect of the loan that is the subject matter of the Guarantee Agreement, if the First Nation and the lender agree to renew the loan for another term, or agree to refinance the loan or transfer the loan to a new lender, or the lender assigns the loan to a new lender, the First Nation will continue to assume the obligations set out in this Council Resolution.

“Environmental Assessment” means an assessment of the environmental effects of a project defined by the Regulations Designating Physical Activities that is conducted in accordance with the Impact Assessment Act or the Yukon Environmental Socio- Economic Assessment Act (YESAA). A federal Environmental Assessment may be administered by one of three authorities: Canadian Environmental Assessment Agency, Canadian Nuclear Safety Commission, or the National Energy Board. **“Environmental Review”** means an analysis of environmental effects, pursuant to Section 67 of the Impact Assessment Act by which the Minister makes a determination on the likelihood of a Project to cause significant adverse environmental effects before allowing the project to proceed. This type of review is for projects defined by the Section 66 of the Impact Assessment Act, but not subject to a federal environmental assessment.
17. For the purposes of this Council Resolution, the following definition of **“Environmental Site Assessment”** replaces the definition provided in the Ministerial Loan Guarantee Terms and Conditions:

“Environmental Site Assessment” means an Environmental Site Assessment as prescribed by the Canadian Standards Association (CSA) Standard Z768 entitled: Environmental Site Assessment, describing a systematic process by which an assessor determines whether a particular property is or may be subject to actual or potential contamination, but does not refer to an Environmental Assessment, as may be required pursuant to the Impact Assessment Act or the Yukon Environmental Socio-Economic Assessment Act.

WHEREAS the current “Set/Grant” funding structure provides a fixed annual allocation of \$109,000 for direct client medical transportation claims within a total program budget of \$205,481.00, and requires any unspent funds at the end of the fiscal year to be returned to the Government of Canada, limiting the community’s ability to carry forward resources to address evolving priorities, operational pressures, and service needs in future fiscal years; and;

WHEREAS these administrative limitations have directly restricted community access, resulting in a low program utilization rate during Fiscal Year 2025-2026 in which approximately 250 of 2,090 on-reserve members accessed medical transportation services, demonstrating the need for a more flexible and responsive funding model; and

WHEREAS Indigenous Services Canada has recognized the importance of flexible funding approaches that strengthen First Nations’ ability to respond to local priorities, improve financial stewardship, and maximize program delivery; and

THEREFORE, BE IT RESOLVED THAT the Chief and Council of the Mohawks of the Bay of Quinte hereby formally request that Indigenous Services Canada execute an immediate amendment to Contribution Agreement 2122-ON-000027 to transition the Medical Transportation allocation from a “Set/Grant” framework into a Flexible Funding Model; and

BE IT FURTHER RESOLVED THAT this transition must include full multi-year carry-forward authority to permit the local retention, reallocation, and reinvestment of program surpluses into high-deficit community health programs, ensuring maximum fiscal efficiency and expanded member access; and

BE IT FURTHER RESOLVED THAT the amended Contribution Agreement provide sufficient flexibility to expand eligible medical transportation services to include oncology, dialysis, addictions treatment, and other medically necessary health services as approved by the Mohawks of the Bay of Quinte in response to evolving community needs.

BE IT FINALLY RESOLVED THAT the Chief and Council of the Mohawks of the Bay of Quinte support the MBQ Health Department in pursuing amendments to the Contribution Agreement with Indigenous Services Canada that expand the flexibility, scope, and administrative capacity of the contribution agreement Medical Transportation Program to meet better the evolving health and transportation needs of the community.

Sara Loft Update

August 2026

☎ 613-453-3164

✉ saral@mbq-tmt.org

SHÉ:KON / GREETINGS, I am honoured to share this as my first update since being elected to Tyendinaga Mohawk Council in December 2025.

These past few months have been spent learning about the MBQ administrative structure, reading bylaws and policies, asking questions on issues before us as Council, and listening to community members on how we can continue to thrive as a community. To those who believed in me and offered your support, *nyá:wenkowa*, I will always advocate for the rights of our people and be your voice the best that I can.

I have joined the C92 Working Group to explore best practices on First Nation's Child and Family Services, the Arena Committee, and the MBQ Governance Manual working group. I've attended the Iroquois Caucus, AIAI, and Chiefs of Ontario meetings to discuss areas of regional and nation importance to First Nations such as Bill C-5, Bill C-37 First Nations Clean Water Act, and Build Canada Homes. As a Council we have welcomed 12 residents to the new home division on Flat street and broke ground for a triplex in partnership with Habitat for Humanity, we've welcomed the first resident to the Tsi Thonwatíhsnyes's Elder Care Home. The following is an update on my portfolios:

EDUCATION: I made it a priority to meet with Director and most of the programs under the MBQ Education directorate to discuss the programs, areas of growth and any concerns. I attended the QMS parent/teacher coalition, an important initiative created to volunteer fundraising and discuss how parents can contribute to the betterment of the students.

I was pleased to meet and regularly discuss how we can support the success of MBQ's secondary school students. It was an honour to give remarks at the graduation dinner and hear the students plans for the upcoming year. It gives me immense pride to hear our students aiming for the stars! This is the first year the education department has hosted the MBQ Summer Camp. We commend the staff for a great job on coordination and wish all the students a great summer filled with activities.

LANGUAGE: The dedication to language revitalization by community members and Tsi Tyónneht Onkwawén:na is amazing. I had the pleasure of attending the first ever Tetewawennáhkwa - Kenhté:ke Language Symposium and learn about the initiatives and programs within MBQ, QMS, and Tsi Tyónneht Onkwawén:na including the adult immersion program. Attending the opening of the Kenhté:ke Language and Cultural Centre was a proud day. I will continue to work to support language learning initiatives for all age groups, opportunities for intergenerational learning between Elders and youth, and to show up.

CULTURE: MBQ has hired a coordinator for the Four Pillars Society work (<https://fps-lchw.ca>). I will work closely to assist with building the community plan. For example, I would like to see Eagle Hill be protected as a heritage site to prevent private ownership and development on this area of significance for the Haudenosaunee people. If you have ideas on what you would like to see supported in the areas of language, culture, heritage and wellness for our community - we want to hear from you. Stay tuned for community sessions to be held.

CHALLENGES AND THE PATH FORWARD: Nyá:wen to those who have reached out to me with concerns with elementary school supports, Jordan's Principal, funding for post-secondary education, land use and environment, housing, MBQ Youth Council, policing and treaty rights. These are issues that we face as a community and while I may not always have the answers for immediate resolution. I will work to bring forward concerns and discuss policy/approaches we can take as a community to address.

The following are transcriptions of the earliest recorded elected council minutes of the Mohawks of the Bay of Quinte. In July, the Mohawks of the Bay of Quinte hired a new Community Relations Coordinator who will be facilitating the creation of the Four Pillars Plan and Comprehensive Nation Plan in the future. Please welcome Karhonkwison Logan, who has recently relocated with her family to the territory from the States. Karhonkwison is the daughter of Sharon (Maracle) and Tony Esquivel and the granddaughter of Joan V. (Brant) and Kenneth Maracle. She attended Eastern Washington University for her undergraduate and

graduate degrees in English with an emphasis in Rhetoric and Technical Education. She joins us with many years of grant writing and monitoring experience, as well as office administration and project development experience.

The Four Pillars Plan is the first project Karhonkwison will be working on during this summer and fall. You may see her out in the community soon working on public input gathering. She is scheduled to hold an informational table at the Tyendinaga Mohawk Territory Traditional Powwow and the Mohawk Fair. The Four Pillars funding is allocated to First Nations bands as the third and final class involved in *Tk'emlups te Secwepemc Indian Band and the Sechelt Indian Band vs. Canada* regarding loss of culture and language due to the Residential School and Day School systems. The Four Pillars Plan is a required document needed to receive our band's allocated funding from the Four Pillars Settlement, which MBQ opted into as a class member nation in 2022 and was formally ordered in 2023. The purpose of the funding is to support the revival of four distinct pillars identified by the claimants:

- Revival and Protection of Indigenous Languages
- Revival and Protection of Indigenous Cultures
- Protection and Promotion of Heritage
- Wellness for Communities and People

This project is a priority for MBQ to access our allocated funding from the Four Pillars Society trust. If you have any questions or would like to share your input, please email Karhonkwison at communityrelations@mbq-tmt.org. We'll also have upcoming community input sessions scheduled so stay tuned for those dates as they're scheduled.

GIVE YOUR CHILD THE BEST START IN LIFE

From birth through the teenage years, children experience incredible growth and development. Every milestone; birth, learning to crawl, first steps, sports, backpacks, falls, and even the demands of school and social interaction; places stress on their growing bodies and developing nervous systems.

Gentle, neurologically focused chiropractic care helps support the connection between the brain and body, allowing children to move, grow, adapt, and thrive. Many parents notice improvements in sleep, comfort, posture, focus, coordination, and overall well-being as their child's nervous system functions at its best.

At ForeverYoung Chiropractic, we provide safe, gentle, age-appropriate care for infants, children, and teens. Our comprehensive assessments and individualized care plans are designed to help your child reach their full potential—naturally. Your child's health journey starts today. Give them the opportunity to grow with a healthy nervous system and a strong foundation for life.

Book your child's neurological assessment today by calling our Shannonville office **613-966-5855** or visit us at www.foreveryoungchiro.ca to get started.

Because every child deserves the chance to thrive.

Teyonkwaweyenhará:'onh! We have been busy!

During Onerahtókha (April), Onerahtókó:wa (May), táhnon Ohyariha (June) we hosted 3 community planting events that had over 60 people across all 3 events. This included a Family Work Bee in Onerahtókha that saw families from Kawenna'ón:we and Totáhne help to prepare and fill garden beds in the children's garden area at the Kenhtè:ke Language & Cultural Centre.

To date, yonkwayenthóseronh (we have planted) more than 2,200 individual plants!

Plantings included:

Trees such as hickory and hazelnut, redbud, pawpaw, black walnut, white pine, chokecherry, tulip and tamarack.

Shrubs, grasses and sedges planted, like: various serviceberry, elderberry, St. John's Wort, northern bush honeysuckle, sweet fern, big bluestem, and little bluestem.

Native wildflower seed and plants were planted as well as other herbaceous plants to add to the understory, such as: purple coneflower, black-eyed susan, wild bergamot, butterfly and swamp milkweed, great blue lobelia, and sarsaparilla.
