

NOTICE OF CONSTRUCTION AND TRAFFIC DISRUPTIONS

Airport Parkway Culvert Replacement

September 9, 2026

Fidelity Engineering & Construction Inc. has been retained by the **City of Belleville** to complete the **Airport Parkway Culvert Replacement** project on Airport Parkway at **Potter Creek**.

Project Scope

The project involves replacing the existing culvert beneath Airport Parkway with a new precast concrete box culvert. Work will include excavation, installation of the new culvert, roadway reconstruction, guiderail replacement, erosion protection, restoration, and associated works.

Project Location

The project site is located approximately 10 meters East of 961 Airport Parkway.

Construction Schedule

- **Anticipated Start Date:** September 14, 2026
- **Projected Completion Date:** October 31, 2026

Please note that the above dates are subject to weather conditions, permit approvals, and other unforeseen circumstances.

Traffic Impacts

To safely complete the work, **Airport Parkway will be reduced to a single lane of traffic** through the construction zone. Traffic will be maintained using **temporary traffic signals** and traffic control measures.

Motorists should expect:

- Reduced speeds through the work zone.
- Minor delays during construction.
- Occasional short-duration interruptions to facilitate construction activities.

Planned Road Closures

The project will require **two (2) full road closures**, each of approximately **48 hours**, to safely complete critical stages of the culvert installation. The closures are anticipated to occur on weekends to minimize impacts to the public.

Full Road Closures will occur on a Friday starting at 12:00pm (midnight) through to re-opening by 12:00pm (midnight) on Sunday.

Overnight work is not anticipated during these closures; but may be required.

Closure dates are projected to be:

1. **October 3rd and 4th, 2026**
2. **October 24th and 25th, 2026**

Advance notice will be provided to residents, emergency services, school transportation providers, and the travelling public prior to each closure. Clearly marked signage and detour routes will be in place during these closures.

We Appreciate Your Patience

Every effort will be made to minimize inconvenience while completing this important infrastructure improvement. We appreciate your patience and cooperation throughout construction.

Should you have any questions regarding the project, please contact:
